Elections and Voter Registration

Qualifications

To register to vote in the State of Washington, you must be:

A citizen of the United States; a resident of Washington State; at least 18 years old, if you are 16 or 17, you can sign up as a Future Voter and be automatically registered to vote when you qualify; not disqualified from voting due to a court order; not currently serving a sentence of total confinement in prison under the jurisdiction of the Department of Corrections for a Washington felony conviction; not currently incarcerated for a federal or out-of-state felony conviction.

How do I register to vote?

- **Online:** Visit VoteWA.gov; online registrations must be received by **July 29**.
- **By mail:** Request a paper form be mailed to you by calling (509) 545-3538 or print your own at sos.wa.gov/elections. Mail-in registrations must be received by **July 29**.
- **In person:** Visit the Elections Department at 1016 N 4th Ave, in Pasco or any voting center in the state by 8pm on **August 6**.

Future Voter

If you are 16 or 17, become a Future Voter! 16- and 17-year olds can use the Voter Registration form to sign up as Future Voters and be automatically registered to vote when they qualify.

Every January on Temperance and Good Citizenship Day, high school students 16 and older are given the opportunity to complete a voter registration in class.

Keep your registration current

We are constantly working to keep our voter rolls up to date with the help of the Department of Licensing, the Post Office, local obituaries and the Department of Health, but you can also help by following these simple steps:

- **Update your address** whenever it changes. Changes can be made through the VoteWA.gov, email, phone or mail before July 29. Changes in-person can be made at an election's office by 8pm on Election Day, August 6.
- **Set up a mailing address.** Snowbirds and college students can call or email our office to set up a seasonal or temporary mailing address.
- **Return to sender!** If you receive a ballot for a person who does not live at your address, write "Does not live here" on the unopened envelope and put it back in the mail. Do not drop it in a ballot drop box.

If you receive mail for a recently deceased voter, write "Deceased" on the unopened envelope and put it back in the mail. We will research and follow up.

Registration deadlines

July 29: Deadline to receive new voter registrations and updates by mail or online.

August 6: Deadline to receive new voter registrations and updates in-person before 8 pm.

Access your ballot online

Visit VoteWA.gov to print your ballot online. You have the option of marking your ballot online or printing a blank ballot and filling it out by hand.

Once you have marked your ballot, sign the declaration sheet.

Package your ballot following the instructions on the ballot packet printed with your ballot. You may return the ballot as you normally would by dropping it in the mail or in an official ballot drop box.

Voting Tips

Fill out your ballot

Use any colored pen to fill in the oval next to your choices.

Skip any contests you don't want to vote in. You are not required to vote every race on your ballot.

Sign your envelope

Don't forget to sign your ballot return envelope. Your signature must match the signature on your voter registration record. Your ballot cannot move forward in the process without a valid signature.

Return your ballot early

Whether returning your ballot by mail or in a drop box, don't wait until Election Day. Vote your ballot early!

If using a ballot drop box, there are 8 locations throughout the county where you can drop off your ballot. A list of ballot boxes is listed on page 2 of this pamphlet. Drop boxes close promptly at 8pm on Election Day, August 6.

If returning by mail, your ballot must be postmarked by Election Day, August 6. No postage necessary. A late postmark could disqualify your ballot. The USPS recommends that you mail a week before Election Day.

If you cannot personally return your ballot, let only people you trust deliver it for you.

Check the status of your ballot on VoteWA.gov to see if it has been received by Franklin County elections.

Election staff will contact you if:

- Your signature is missing
- Your signature does not match the signature on your voter registration record

View election results online

After 8 p.m. on election night, tallied results from each county are posted at sos.wa.gov/elections. Results are updated as counties report and are unofficial until certification.

Accessible Voting

Franklin County voters who are unable to vote their ballot in the standard way have the option to vote independently using an accessible voting unit (AVU). The AVU is a large, touch-screen monitor that can display the ballot in a larger font or provide an audio ballot for persons with visual or cognitive disabilities.

Beginning 18 days before each election, the AVU is available from 8:30am to 5:00pm Monday through Friday, and on Election Day from 8:30am to 8:00pm at the Franklin County Auditor's Office.

Precinct Committee Officers (PCO)

PCOs only appear on your primary ballot if two candidates of the same political party filed in your precinct. If only one person filed in a precinct, that person is deemed elected at the close of filing and the office will not appear on the ballot.

State law does not allow write-in votes.

For the limited purpose of voting in a precinct committee officer election, a voter affiliates with a major political party when they vote for a candidate of that party. Voting in a PCO race is not required.

There are no PCO statements or photos presented in the voters' pamphlet.

Why is my signature important?

Your signature is needed to make sure your ballot gets counted.

The signature on your return envelope is compared to the signature on your voter registration record. Trained election officials are responsible for verifying each and every signature.

If your signature is missing or does not match your voter registration record, the county elections office will contact you by mail **before results are certified**. They may call or email if you gave them this info.

If you registered to vote online or through Department of Licensing, the signature from your driver's license, permit, or state ID will be on your voter registration record.

Voters can track and check their ballot status at **VoteWA.gov**.

Elected Experience

Ram4usSenate is a public service application at personal risk. When elected office defaulted on "national security" I, we, and works of providence, toiled to keep RF bombs out of US. Please see www.ram4usSenate.com.

Other Professional Experience

Diverse management. Respectfully areligious with a natural inclination for grasping the foundations and direction of the church. I look forward to progress in eliminating

LGBTQ intolerance and elevating women. Likely Vatican, governments, and RF influencer.

Education

Biochemistry major with coursework in Political Science, Urban Planning, Sociology and Anthropology.

Community Service

Activism for economic innovation around education, science, technology, and social service. Campaigning to eliminate institutionalized college deception.

Statement

Between 22 and 24 a set of provident social media anecdotes and my efforts were the inspiration behind an intrepid, benevolent force working to prevent a direct US, RF confrontation. To the anonymous, bright spirits devoted to preserving the East, West peace "Mankind to Infinity and to you Eternal Honors." Insight into the activity shielding EU and 300 million American lives from RF retaliation is available on my website: www.ram4usSenate.com.

My political activism began as a UW biochemistry student, with a flier highlighting institutionalized college deception. "The "smart" lie" by 2youtext1 (You Tube) provides argument for economic reform around education, science, technology and social service. Robotics and automation will eliminate the bulk of blue-collar labor. We can choose to control our destiny or allow sparse political actors and decaying systems to dictate poverty, unemployment, substance subterfuge, crime and warfare.

Campaign platform: housing and healthcare; education and economic reform; street and systemic crime; preventing WWIII, mental health and homelessness; the US Constitution and our guaranteed freedoms; easing LGBTQ plight and elevating women.

The war on the poor. The stories laboring to preserve our national security began in a multiplex linked to black mold (currently in public use.) My website explains why I believe the property is an ongoing hazard to past, present and future residents, and the public.

Note: In a nuclear age, there is no intelligent WWIII scenario. We must adopt sustainable solutions. The wars in the east threaten the future of all mankind. In 22 our generals expressed concern the aid packages may be declared a direct provocation by Russia. The caveats were based on solid reason. Ram4USsenate provides insight into how elected office guess gambled P's state of mind and missed. Please love life, protect our future, and share hope, inspiration and this knowledge.

Statement

This election is an opportunity for the people of Washington to change the way we are governed, to stop the cycle of divisive politics that ignores the best interests of our people.

Serious crises aren't getting the attention they should. Fentanyl is an extremely dangerous drug that is killing Americans indiscriminately. Dr Garcia, an Emergency Room physician, sees far too many overdoses, and knows far too many families who've lost loved ones. Dr Garcia is the only Senate candidate with a plan to seriously combat the Fentanyl crisis, using a proven approach that targets dealers with prison time, and helps addicts with a robust program of treatment and recovery.

Another crisis is the cost of living. Washington is the fourth most-expensive state for groceries, and the eighth most-expensive overall. Many people are at or near the end of their financial rope due to rampant inflation. We can help tackle inflation by stopping reckless federal spending that adds to the national debt, and boost productivity to ease prices for consumers. Dr Garcia will be a voice for fiscal sanity.

As an Emergency Room doctor, Dr Garcia spends his days helping people. As a refugee from Cuba who found a home in America, he loves our country deeply. As a son raised by a single mother, he respects the men and women who work so hard to make a life for themselves and their families.

Dr Garcia isn't a career politician. But throughout his life he has been a leader – in the medical profession and in the community. He serves patients as a doctor, and he will serve the people of Washington as their US Senator.

Our state is a wonderful place that has gone a bit off-track. We can definitely do better, and with Dr Raul Garcia we will.

Statement

I vow to represent your interests, values, and aspirations. I'm running because I believe in a better future for our state and nation. Where everyone has access to quality education, health care, and employment. Where we protect our environment, our democracy, and our constitutional rights. Where we work together to solve the challenges facing us as Americans and global citizens.

I'm a USAF veteran with multiple overseas deployments. I've lived and raised my family in Washington for 20+ years, seeing some of the best and worst of our state. With a background in retail, real estate, youth education, and business data analytics (local and international); I've fought abroad for the nation now I'll fight alongside you to bring our perspectives, knowledge, and experience to Congress.

I'm dedicated to protecting our environment and combating climate change, advocating policies that promote clean energy, conservation, and sustainable development. Access to quality healthcare is a fundamental right. I'll work tirelessly to ensure affordable healthcare, regardless of income or preexisting conditions. Children are the future. I pledge to increase funding for our schools, support our educators, and make higher education more affordable and accessible.

I'll champion policies that create jobs, support small businesses, and revitalize our local economies. Introducing legislation to incentivize businesses to hire locally instead of outsourcing to other countries for cheaper labor. Together, we can ensure a prosperous future. I'm committed to improving law enforcement while promoting transparency, community policing, and criminal justice reform. Rehabilitation for the incarcerated and support for impacted communities is vital to successfully reintegrate them into society, reducing the likelihood of reoffending. I'm committed to responsible and effective budgeting, eliminating wasteful spending, and lowering taxes while ensuring essential services are maintained.

Your involvement is crucial! Together, we can shape a brighter future.

Statement

Affordability. Jobs. Rights. Security. That's what I focus on as your representative in Washington, D.C., not hyper-partisan politics.

Affordability: Food, energy, housing, education, childcare, and prescription drugs all cost way too much. That's why I helped cap monthly insulin costs at \$35 for Medicare enrollees and am fighting drug middlemen that inflate drug prices. My law made manipulating energy markets a crime, allowing the government to claw back billions in ill-gotten profits. I championed tax credits that built millions of affordable housing units and made childcare more affordable.

Jobs: Bringing manufacturing and supply chains back home are the key to creating jobs, raising wages, and growing the middle class. I developed a new law that is bolstering STEM education and apprenticeships, and will triple U.S. semiconductor manufacturing capacity. Our agricultural economy is stronger because we stood up to foreign shippers and reopened markets for Washington apples and lentils. We kept freight moving with record new infrastructure investments. I improved access to credit for small businesses and created more opportunities for women- and minority-owned businesses.

Rights: Freedoms we once took for granted are under assault. I've been fighting to codify Roe v. Wade, protect access to contraceptives and IVF, and block anti-choice states from prosecuting women. Washingtonians have a right to clean air and water, which is why I led efforts to protect pristine public lands, restore salmon habitat, and transition away from fossil fuels.

Security: Fentanyl is devastating too many Washington communities, so my new law declares fentanyl a national emergency and gives local law enforcement more resources to stop it from crossing our borders. Veterans have served our nation, which is why I have fought to protect their health care, including 124,000 Washingtonians exposed to toxic materials.

I am asking for your support in the U.S. Senate race.

Have been questioning the wisdom of running up the National Debt for over 30 years (\$34.6 Trillion and still rising), have a working knowledge of amortization schedules and the costs incurred when interest rates increase, 2023 interest paid was \$882 Billion, 2024 should easily exceed \$1 Trillion.

Statement

This isn't a game, nor a joke: the Gamblers on Wall Street, the Federal Reserve Bank, the Republicans and Democrats have been blowing smoke up your ass for a long time now, you've been hosed. There is no 15 to 30 second sound bite that can cut through the stench. Reading and math scores in this nation are abysmal, the hand wringing over Fentanyl overdoses, deaths is unconscionable and leaving a \$34.6 Trillion mess for the kids is disgusting. It is past time to clean things up, no more kicking the can (2024 interest on debt \$2.931 Billion per day; last year, \$2.418 Billion).

There are two options here, either the political parties and their minions weren't capable of figuring this out or they didn't care! If they didn't care the question becomes, Why? Which one or combination of the three options was/is it; Power, Control or Greed?

During Reagan's Presidency(R) the deficit increased over 185% from all the years previously (tax cuts & Starve the Beast). Clinton's Presidency(D) gutted Glass-Steagall (unregulating investment banks), The Commodity Futures Modernization Act (deregulated Derivatives).

The only way to stop the Millionaires and Billionaires with their special interest groups and political action committees (PAC's) is the involvement of people who have been steam-rolled by their agenda. The Constitution of the United States starts out with We The People, that means all of us not just the Special Interest Groups and Political Action Committees.

Are we going to continue living this way or opt for change before it is forced upon us. Interspersed throughout the website InsanityRules.org are some solution offered because sincere discussion followed by action will be the only way to get off this highway to hell. Want change, vote differently. These problems are serious, the time for humor is over, participation matters.

Statement

America is at a crossroads. We are a nation in decline. For the first time in our nations history future generations have less opportunities than their parents did. The cost of living is skyrocketing, our country is being invaded and is no longer safe, we are 30 trillion in debt, 70% of Americans think we are on the wrong track, and the current leadership in the U.S. Senate is either America maybe, or America last. I have had enough of America last.

This election we must decide who we are going to be as a people going forward and what it means to be an American. If you are one of the millions of Americans who feel that the current political leadership has abandoned you, my message is simple: *you are not politically homeless.* America First policy is not 'far right' or 'extreme' - *it is common sense.* It is time to secure our borders, stop the spending, end the corruption, lower taxes across the board, and create an environment where all Americans can thrive. I have a clear, *common sense*, legislative plan to get America on the right track.

It is time for a new generation of leadership. It is time for *common sense* America First policy that Republicans, Independents, and Democrats can all agree on. A government that works for all Americans. We cannot expect our government to represent everyday Americans if there are no everyday Americans in government at the highest levels. With your help, I can change that. I am offering a new path and an America First vision that works for all Americans. Join me. Together we can make America great again and provide a brighter future for our nation.

Henry Clay Dennison

(Prefers Socialist Workers Party)

Elected Experience

No information submitted

Other Professional Experience

Henry Dennison is a railroad conductor and SMART-TD union member.

Education

Dennison learned to have deep confidence in the solidarity and fighting capacity of the working class from the Black-led movement that defeated Jim Crow segregation, and

through five decades of work in fruit packing plants, coal mines, railroads, steel mills and other industries.

Community Service

He has recently taken part in solidarity with farm workers, miners, auto workers, flight attendants and firefighters, among others, and joined actions against anti-Jewish attacks, in support of Ukraine's independence, against the US embargo of Cuba, and in solidarity with immigrant workers.

Statement

We live in a deeply class-divided country ruled by a handful of billionaire families and their government. Democratic and Republican parties say they speak for workers, but millions increasingly recognize this isn't true.

The global order the US rulers dominated after World War II is coming apart. The economic workings of capitalism are marching the world towards World War III, accelerated by Vladimir Putin's murderous invasion of Ukraine to deny its national rights, and Hamas' October 7 pogrom – orchestrated by the counterrevolutionary rulers of Iran – that slaughtered over 1,200 Jews in Israel. Only the working class has the capacity to halt this trajectory.

Driven by competition inherent in capitalism, corporations continue to pursue more production from fewer workers for less pay. But recent union organizing and strike victories point to the possibility of a different future. The low point of labor resistance is behind us. Working people need to build a labor party that breaks from all collaboration with the ruling class and wages a struggle for workers' power.

Defending constitutional freedoms won in the first American Revolution is a working-class issue. Attempts to jail and silence Donald Trump and criminalize political differences deal a blow to rights working people need. Drop all the charges!

Defend Israel's right to exist as a refuge for Jews in the face of rising Jew-hatred today! Join efforts to defend Jews from attack!

Workers need to fight for a public works program to put millions to work at union scale wages building roads, schools, parks, hospitals and more; for regular cost of living increases, wages sufficient to raise a family and quality housing workers can afford; and for workers control of production to guarantee safety on the job and reverse the profit-driven destruction of the environment.

Statement

If you're like many voters I've met, you believe Congress is broken – the infighting, divisiveness, tribalism, and accusations. It looks bad, and it's getting worse. Meanwhile, people like you and I are losing out on the life we were promised – and the life we've worked for.

Inflation is killing jobs and eating away at savings. Home ownership is becoming more out of reach – even for people with good jobs and no debt. School safety has eroded. Education hasn't recovered from the learning loss inflicted upon kids by school lockdowns. The Ukraine war is still raging. As all the tensions and wars in the Middle East continue Americans are beginning to lose hope.

I want to change the course of our state and country. No matter your party affiliation or if you're an independent, I will represent you and would sincerely appreciate your support. I will listen to and represent all Washingtonians, not just those with the loudest bullhorns or the biggest wallets.

As your U.S. Senator, I will focus my efforts on three areas. First, to protect our children at school so they can learn in a safe environment by installing National Guardsmen or other officers at every elementary school.

Second, begin a focused national dialogue to deal with the national debt and the approaching fiscal cliff. We're now nearing \$35 trillion, almost \$270,000 per taxpayer. The lives we live, and the dreams we strive for, are in peril unless we act now, before it's too late.

Third, restore hope and focus on academics at our schools. Students are still suffering from what they lost during Covid. We need a rapid revitalization plan to get kids back on track to help them prepare for college. We need solutions to college affordability.

Statement

Our Lord Jesus Christ is the way, the truth and the life. We live in a time plagued with diabolical disorientation. We are in a spiritual battle between good and evil. Our suffering will only increase until we sincerely call upon God for His mercy and grace. The ever-increasing cost of living is pushing American families to the breaking point. All of the wealth is systematically being concentrated to the rich and powerful while the middle class is being wiped out. Americans are being forced to become dependent on big government and relinquish their liberties for a small taste of a false sense of safety. This is all being facilitated by our fiat currency and the Federal Reserve. The career politicians, crony corporatism and bureaucracy in D.C. do not have the interest of the American people at heart. The federal government will continue to borrow, spend and print money endlessly until our currency becomes worthless. We currently have an unsustainable debt of over \$34 trillion, we are in a state of perpetual war and send money to foreign governments abroad and illegal immigrants domestically while our own citizens are left to carry the heavy burden of these inflationary policies.

Propaganda we are fed from the news and social media are trying to divide us just as the devil wants.

It is time we stand together and stand up for what is right. It is time that the good men and women finally fight more fervently than those who spread evil. It is time *we the people* are served by our government again. It's time to secure the border, return to sound gold-backed money, stop our reckless federal government spending spree and end our perpetual state of war! It is time for life, liberty, peace and prosperity! God bless the U.S.A.

Hi, I'm Thor Amundson, and I am a pro-democracy candidate. Born and raised in Eastern Washington, I've lived and worked throughout the state, and this has given me the opportunity to talk with people in all walks of life, and to consider the variety of issues facing them. I believe that without a little more opportunity for the next generation, we cannot have a healthy civilization.

If corporations move to other countries, they should follow the same rules and labour practices as in the USA. Stop shipping logs, jobs, and clean air and water overseas. Turn off reactor at Hanford and no new reactor; stop making the mess. Replace Hanford with geothermal power generation. Nationwide public internet access for everyone and net neutrality. Ban the use of certain weed killers on federally funded sites like easements, fencelines, ditch banks, and public schools. Overturn Citizen's United.

Picture a state and a nation where your children can afford to live. Federal and State and private land that has been swapped with Federal and State land should be open for off-grid homesteading. A place where elected officials are chosen by the people, not by their financial contributors. Make C-Span more entertaining. Rather than propose campaign reform, I am implementing it. I will lead the United States into the 21st century.

I will go to Washington DC and bring back financing for the Washington state ferries system and for upgrading the irrigation systems of Eastern Washington, and for clean water and clean air. Vote Thor.

Goodspaceguy

(Prefers Republican Party)

Elected Experience

25 times a candidate, Goodspaceguy notices the homelessness, poverty, and crime produced by the big spenders, 'minimum wage, Command Economy!

Other Professional Experience

As an amateur economist, small spending Goodspaceguy invested and became prosperous in the stock market. Study economics!

Education

Goodspaceguy, Minnesota born, was educated in Germany, Sweden, and America. Spaceguy lived and learned in Europe for about twelve years. Spaceguy knows some European languages and earned university bachelors and masters degrees.

Community Service

Free market Goodspaceguy advocates for our orbital space program and against homelessness and crime caused by the minimum wage.

Statement

We are still at the beginning of the Space Age! Please think of your Earth as a beautiful spaceship. We are the passengers and crew members on Spaceship Earth. We are traveling in space around our Sun while our Sun travels inside our Milky Way Galaxy. I, Goodspaceguy, predict a prosperous future in space will come through orbital space colonization around our Spaceship Earth and in the Goldilocks Zone around our star, the Sun. Let's start with small space habitats. Also let's save, boost up, and improve the International Space Station.

Using voluntary, competitive, free market economics, let's raise the living standard of the workers. Let's reject the Big Government Command Economy that through force and misallocation produces homelessness, wild spending, and poverty.

Workfare is better than welfare. Welfare is a heavy burden for the workers. Free market economics can rehabilitate Spaceship Earth by transforming problem people into productive people. Worldwide we are struggling between Command Economies and Free Market Economies. Profits grow jobs, but the minimum wage laws reduce profits, which decreases jobs.

The workers create the goods and services that make up the living standard. Then tricky taxation takes from the workers and gives to the welfare recipients. The workers are robbed. The incentive to work is decreased. The minimum wage of the Command Economy creates a stressful work atmosphere and decreases profits. Jobs are lost. Crime and poverty increase. Let's defend the incentive of profits that come from serving you, the consumer. Study Free Market Economics! Abolish the job destroying minimum wage! Economics tell us how to raise the workers' living standard. Work builds up the living standard.

Should we stop the population explosion that is exterminating the wildlife of Spaceship Earth? Should we replace the complicated federal income tax with the simpler head tax?

Community Service

Statement

We all want the best for our families and communities. I am running with the belief that we need to work together, so that the opportunities of the American dream are available for all of our community. We are indeed, one village, and I believe in affecting change in Congress to focus on the services we provide our communities.

Families First. We all want a good future for our children. Protecting our planet for our children and grandchildren is priority one; we need to address climate change and create new green jobs. Remember the smoke from the wildfires every summer? If we act now, we can reduce the effects of climate change on our local families, farms, and farmworkers.

Preserve Women's Rights. Women should be free to make their healthcare decisions without interference. By funding contraceptive access and comprehensive sexual health education, we can reduce the need for accidental pregnancies and abortions. The countries with the lowest abortion rates are the ones that have comprehensive healthcare, including OB/GYN services.

Affordable Housing. Housing is expensive and scarce. We have been let down by career politicians, but we can help builders with simplified regulations and incentives for housing.

Education & Jobs are everything. Who can afford a mortgage when they are paying off school loans? College should be almost free, like it was for our parent's generation. Technical and trade schools lead to well-paying jobs, but many high schoolers are not taught financial literacy or entrepreneurship which gives young people the pathway to success.

Community Matters. Can we find ways to listen to each other and build a better world for our children? I believe we can and if elected as your congresswoman, I am willing to listen to both sides and enact change on the important issues affecting our communities.

(Prefers Republican Party)

Elected Experience

Endorsed by President Donald J. Trump, Freedom Caucus, General Flynn, Kash Patel, Washington State Republican Party and county parties. As an entrepreneur, I've lobbied on behalf of business and American liberty in DC dozens of times since 2004. I've also served as a Republican Precinct Committee Officer.

Other Professional Experience

Successful business owner employing hundreds; Decorated veteran; Consultant to Subway and other

businesses; Engineer at Intel; Former NASCAR driver in regional series; Founder of HomeTask and affiliated companies; International Franchise Association (IFA) Certified Franchise Executive (CFE).

Education

Community Service

Honored Navy Petty Officer, Hope4Youth Foundation, Christian Church Volunteer and an Author.

Statement

I'm the only candidate *endorsed by President Trump*, the House Freedom Caucus, and the Washington State Republican Party. I'm a veteran, businessman, farmer, husband, father, and a Christian. I believe America is ordained by God, and through our Founders, He gave us the gift of our Constitution.

In Congress, I will lead the fight to secure our borders, defend life and the First and Second Amendments, end wasteful spending, protect critical infrastructure including our dams, deregulate farming, restart country of origin labeling for imported meat, pull the plug on inflation, stop foreign spending scams, push term limits, and uproot the woke agendas aimed at our kids. I'll also introduce legislation to ban members of Congress from trading stocks.

I'll be the best ally in Congress that President Trump ever had. My opponents have proven to be incapable of this much-needed conservative leadership.

Congressman Dan Newhouse voted to allow warrantless surveillance, to fund the Federal Vaccine Tracking Database, to fund late-term abortion, for amnesty for illegal invaders, and voted with Democrats to impeach President Trump. When we re-elect President Trump, how can we trust Newhouse not to betray him again?

While conservatives were fighting to re-elect President Trump in 2020, Tiffany Smiley donated to a radical far-left PAC, "Moms for Office," that vows to "smash the patriarchy" while funding liberal Democrats. And just a year ago, she was defrauding donors, telling them their contributions would help elect new Republicans when the money was really going to pay off her campaign debt.

I've earned the endorsements of President Trump, the House Freedom Caucus, General Michael Flynn, Kash Patel and the Washington State Republican Party. I hope to also earn your vote to be the conservative, America First congressman we deserve and that our nation needs.

Statement

The American experiment has failed. The Republic is dead. John Malan loves Liberty and hereby petitions the people of Washington 4 to serve as your representative to the United States Congress in order to safeguard our Life, Liberty and Pursuit of Happiness. John Malan served America as a Recon Marine from 1980-1984 and possesses the leadership traits indicative of a United States Marine—Integrity, Knowledge, Courage, Decisiveness, Loyalty, Dependability, Initiative, Tact, Justice, Judgment, Enthusiasm, Bearing, Endurance and Unselfishness. He is a Journeyman Wireman affiliated with the International Brotherhood of Electrical Workers (a labor union) for over 35 years. He is not a politician but aspires to be a statesman.

The current corporate political system has hijacked America and transformed most of us into God-rejecting, Bible-hating, politically correct zombies. The Federal Corporation also known as the United States (28 USC 3002), continually usurp the People's Authority by disregarding the Bill of Rights including but not limited to Amendments 9 and 10. State Sovereignty must be re-claimed and respected. John Malan believes in the nation state called the United States of America and rejects Globalism as a flawed economic model. A nation without substantive borders is not a nation at all. America is better served by fair trade not free trade. Treaties and agreements must be administered with full disclosure and acceptance by the American people.

Political Correctness cloaked in DEI and wokism is an abomination and has caused America to devolve further toward Communism. Agents for change have exercised a flawed submissive foreign policy and have emasculated our military forces to the point where we are vulnerable to attack. It's time to Make America Great Again.

Community Service

Youth sports coach. Fundraising Shriners Hospital and Cancer Research. Youth Mentor. Taught classes on tenth amendment. Participated in Spark of Love for children. Host holiday gifting for underprivileged children, and charity supplies for Children's Village

Statement

Voters should be angry at what our country has become. I am. We're afraid to leave doors unlocked, to be assaulted by drug addicted, or mentally ill individuals wandering the streets, and to send children to public schools in fear of indoctrination over gender fluidity and subject's we don't agree with. We're stunned at gas and grocery prices. We fear people entering our country with no vetting or disease control. Government policies are destroying the farming industry.

The America I grew up in didn't stand for these things, didn't tolerate this behavior in our citizens or representatives. We keep electing the same politicians, who promise to change things. It's getting worse. I am going to give you a chance to elect someone like yourself to this office. I am a home grown, hard working middle-class American. I don't toe a party line. I am not a career politician. I always step up when needed. I was taught to work hard, every day, and to treat people fairly and respectfully. I know how lucky I was to be born in this country, and for that I owed something. So, I served. Give me your trust today and you will not be disappointed with my performance as your representative.

I can't be bought. I'm relentless and tireless when working. I don't give up. I will legislate hard to control our border, protect our farming industry, divert more money to public assistance, to stop the flow of fentanyl into our neighborhoods, to purge our education system of pornography and gender discussions, to identify effective deterrents to increase public safety and make our streets safe again.

I will debate and propose on all levels of government on behalf of everyday people like you and me, including local government. You haven't seen that before.

Other Professional Experience

Community Service

KADLEC Foundation Board, Elizabeth Dole Foundation, National Chamber for Hiring our Heroes, Veterans Airlift Command, Camp Corral, Smart Women Smart Money, Policy Vet Board

Statement

I grew up on a farm in rural Washington and dreamed of becoming a nurse. When I married my high school sweetheart, Scotty Smiley, and realized my goal of becoming a triage nurse it seemed I'd achieved my version of the American Dream. That dream was shattered in April of 2005 when I was informed that my husband had been blinded by a suicide car bomber in Mosul, Iraq. At 23, I quit my nursing job and flew to Walter Reed Army Medical Center to be by Scotty's side.

At Walter Reed, I had to stand up to the federal government and fight for Scotty, his dreams and the care he had earned. This experience with military bureaucracy highlighted the challenges facing many service members and their families. I became their voice, going to Capitol Hill and meeting with anyone who would listen to me which ultimately resulted in real reform of the VA to help the catastrophically injured and their caregivers. Now, I look forward to continuing my work by advocating for my friends and neighbors of WA-04 as a member of the United States Congress.

Drawing on my experiences, I will work to secure our border and protect Washington families from the flow of fentanyl entering our communities. I will combat the spiraling gas prices and resulting inflation by fighting for energy independence while protecting the dams that are so critical to WA-04. Finally, as the mother of three young boys, I will work to improve our education system and access to the trades so that every child has a brighter future and the chance to pursue their version of the American Dream. From a small farm in Eastern Washington to our nation's capital, I look forward to being your voice and getting this nation back on track!

World Relief refugee supportive services. Government Youth Engagement. Upcoming Tri-Town Get Down vendor/artist coordinator. Get Out The Vote!

Statement

In this stretch of Central Washington, the people deserve more than struggle. I've walked down dirt roads in the Methow to suburban streets in Richland, talking to farmers, teachers, firefighters, and shop owners. Each of our stories shows American resilience, but also a concerning lack of progress. High housing costs, lack of healthcare, underfunded schools, and a changing climate that threatens our crops and our livelihoods. We owe our children more.

Campaigning isn't about big speeches in crowded halls or fancy galas. It's about sharing a meal with neighbors and talking about the things that matter most. It's about understanding that fighting for a fair wage is a fight for our dignity. It's about agreeing that high interest rates for a home create a low point for American families. It's about knowing that stripping a woman of her right to choose is stripping the rights of all of us.

We like our way of life in Central Washington, but our elected leaders need to work harder on the issues we all face. That's why I'm running for office. I'll find the common ground to bring down the cost of a home, our groceries, and our gas. I'll improve healthcare access for our seniors so they can age with the dignity they've earned. I'll work to create jobs, improve wages, and build infrastructure so our kids have a shot at the middle class. I'll fight to end the fentanyl crisis, stand with law enforcement, and create an immigration policy that finally makes sense.

I will not engage in the same tired politics of division and hate in this country. Together we can usher in a new era of progress and prosperity for our district. Please join me in building our brighter future, because we deserve better - our kids deserve better.

Community Service

Rick is a member of the Spokane County Water Conservancy Board.

Statement

I'm here on behalf of Republicans like me who are ready to put an end to the childish bickering and get back to business in Congress. It's unacceptable that the 118th Congress will go down as the most ineffective in history. Right now, we have an opportunity to rebuild our party on our core values, or else we can watch it crumble. A divided house can't stand. Bipartisan politics aren't a weakness, they are our strength. Reaching across the aisle to build a stronger America is the most patriotic and humbling of duties. Taking a hardline stance only serves to push voters away, one demographic at a time. If we don't take a hard look at our governing, we'll end up with a one-party system run by Democrats.

AI is projected to replace 30% of jobs in the next few years, shooting unemployment up higher than during the Great Depression. Since these job losses will be permanent, the effects on our economy will be severe and long-lasting. To avoid economic collapse, I propose to push for a UBI that is set to the poverty line and pegged to inflation. Then, to fund the UBI, a corporate tax could be used that targets increases in profits beyond governmental goals, particularly those tied to AI job losses. This will not only avoid economic collapse, but it will provide a permanent mechanism for controlling inflation, reduce unemployment and over employment, allow families to afford a stay-at-home parent, end minimum wage hikes, and reduce or even eliminate the need for other income-based Federal aid programs such as SNAP, TANF, and Social Security. And since each Federal program has its own administrative waste, one UBI program could reduce the amount of money being wasted and ensure more benefit is seen by the average citizen.

Community Service

18 years of actual hands on fighting Communists and *winning* at the local, State, and National level through efforts I have started and lead. Property Rights Group President for 5 years and defeated Agenda21 programs.

Statement

As a United Nations Expert that wrote the first book in America on Agenda 21(-50), I am the only candidate running that is thoroughly educated and qualified to fight against the Communists at the Federal and International level in Congress, as both my books couldn't be more relevant than they are today with the existential threats we face as a nation. My past 18 years of starting and successfully leading efforts against the UN Communist programs in America makes me uniquely qualified to bring the offense in a *big way* to Congress that will win against the criminal "Deep State." Did you even know that the UN Charter is based on the Communist Manifesto? Did you know that "Deep State" is synonymous with "Communists?" Did you know that Nancy Pelosi is the single biggest UN pusher in America? All the Communists in Congress are following UN dictates through the World Economic Forum and UN Conferences.

I wrote 2 books on the UN infiltration of the USA, and have successfully fought against them in the real world. I am highly strategic and know how to use the Constitution in order to defeat them. I've done it many times already. My second book that I wrote in 2022, called "4-4-4, 'A Republic Ma'am...if you can keep it.'" is a solution on how to right this ship in America and get rid of the Communist takeover.

I have already written two Congressional Bills that would close the border, *ban* Electronic Voting Machines and Mail-in Ballots, stop illegal aliens from voting, and to stop Child Trafficking. I pushed one of my Bills to our International Radio audience and over 900 people sent it to their Congressmen. Trump responded and he thanked me for writing that Bill.

Finally... "You shall know them by their fruits!"

Education

Community Service

Farm Bureau member, Cattlemen's member. Chamber of Commerce Vice-president, softball coach.

Statement

As a mother, farmer, and former law enforcement officer, I understand the importance of service and sense of duty to protect my community. I've witnessed the impacts of open borders, from economic strain to the threats of human trafficking and Fentanyl. Endorsed by law enforcement, county sheriffs including Spokane Sheriff Nowels and former Sheriff Ozzie Knezovich, fire fighters, and local elected leaders across the district. I stand as the sole candidate with a commitment to public safety and addressing the needs of our hard-working communities.

D.C. is broken. The political circus has failed to address rising crime rates, food prices, and fuel costs. I'm no stranger to fixing broken systems. During my time in Olympia, I successfully contributed to solving the *Hirst* decision, enabling rural families to use their land. I also capped the cost of insulin ensuring access to life-saving medication, supported our veterans by securing the benefits they earned, introduced high school apprenticeships to provide our children with hope and practical skills, and empowered law enforcement to address drug-related crimes.

As the only farmer, Washington State Farm Bureau, and Cattlemen's Association member in this race, you can trust me to safeguard farmers and our way of life. I'm committed to protecting the Snake River dams' benefits in energy production, agriculture, and transportation - I will never waver from the fight to preserve them.

Congress is full of career politicians and attention seekers- I'm neither. I'm a rancher, wife, mother, and legislator who delivers results. I believe empty promises are no match for a proven record. I succeeded in Olympia by prioritizing principles over politics with an unsurpassed level of integrity and work ethic. I will uphold these principles in D.C. as we fight for the future of our children and this great nation. I ask for your vote.

Other Professional Experience

Pastor for 17 years, Business Owner for 14 years

Education

Left Spokane Falls Community College to start a business

Community Service

Board member for Girl Scouts of Eastern Washington and Northern Idaho, Board member for Junior Achievement of Eastern Washington and Northern Idaho

Statement

In my first month in elected office, I stood firm against the tyrannical government mandates and refused to wear a mask, resulting in my censure. Even with the threat of \$14,000/day in fines, I did not relent. We need a champion in D.C. willing to stand for our God-given rights to life, liberty, and property regardless of the opposition.

As a devoted father and Pastor, I believe parents should have the ultimate say in their children's education and upbringing. Our nation's strength lies in the family unit. It's time we empower parents to make decisions that reflect their values and beliefs. Children should be able to attend the school of their choice, and the dollars should follow the student.

As a proud American, I will prioritize strengthening our borders to protect American citizens from illegal immigration, drug and human trafficking, and terrorism. I will advocate for policies that include correcting the asylum process, building a strong, impenetrable border wall, and increasing funding for border enforcement agencies.

As a business owner forced to close temporarily during COVID, I understand the challenges small businesses face. I will cut red tape, lower taxes, and create an environment where small businesses can thrive.

As a fiscal conservative, I will take bold steps to slash the federal budget. I will work tirelessly to eliminate wasteful spending and cut unnecessary government departments and programs. We must balance our budget and reduce our national debt to secure a prosperous future for our children and grandchildren.

As the son of a veteran, I am dedicated to ensuring our veterans receive the benefits, healthcare, and respect they have earned. Join me in this mission of American Revival. Together, we can restore our nation's values, integrity, and greatness. Vote Jonathan Bingle for a brighter, more secure future.

My grandfather was a union mason who helped build the Grand Coulee Dam; my dad worked on the Great Northern Railroad. Growing up in the Spokane Valley, Dad's union wages supported our family of five. I put myself through college and law school, becoming a deputy prosecutor in Spokane County, where I supported law enforcement and held violent offenders accountable.

I joined the U.S. State Department, promoting democracy and national security as a Foreign Service Officer. My mentor, former Congressman Tom Foley, led by example in disagreeing without being disagreeable, and in building support for common causes. I served in Japan, New Zealand, and Norway, as well as Afghanistan and Pakistan. Returning home, I realized extremism was putting our democracy at risk, with some in both Parties contributing to the dysfunction.

Our nation faces complex challenges at home and abroad. I'll work with anyone who wants to solve problems, as I did in the Foreign Service. I promoted American values and interests abroad, partnering with veterans, active-duty military personnel, and national security professionals, under Democratic and Republican administrations.

I'll prioritize the needs of Eastern Washington: protecting our family farms, lowering healthcare and childcare costs, and expanding care and benefits for veterans. I'll work to bring down inflation and strengthen the supply chain by boosting American manufacturing, and investing in skills and job training programs. I'll protect our individual freedoms by keeping politicians and justices out of personal, private medical decisions.

I'll fight for Eastern Washington above all else. Our local values guided my previous public service and that's why I'm endorsed by the National Education Association; Washington State Labor Council; Spokane Mayor Lisa Brown; State Senator Andy Billig; Walla Walla Port Commissioner Amy Schwab; and former Spokane GOP Chair Rich Kuhling. I would be honored to earn your vote.

Statement

Ann Marie has a vision of prosperity for all Americans bringing opportunity back and leaving no one behind. This begins with her fight for universal healthcare, green jobs through climate action, public education, rural development, and small business incentives. She is the first disabled candidate to run for this office having survived a double transplant and will put special focus on the needs of the disabled, veterans and seniors.

Her work background and talents are encapsulated in her bill "Pass on Plastic" which is a packaging bill transitioning the US to compostable items which can be manufactured from farm refuse like wheat straw and corn husk. This trifecta bill not only protects the environment, it provides jobs in rural areas and revenue for farmers.

She supports eliminating the Social Security cap, raising the standard deduction and giving small businesses a sliding scale FICA reduction for 5 years. Codifying women's reproductive rights, equal rights for all Americans and passing the John Lewis Voting Act are high priorities.

She has a comprehensive 17 point plan to fund public education, provide student loan relief and to start moving the US towards free college and vocational training increasing our competitiveness in the world market and providing Americans an affordable path to success.

In addition, Ann Marie will work to expand TAP, the Transition Assistance Program, in the military to increase mental health and addiction screening and better aid soldiers transitioning to civilian life, preventing suicide.

Ann Marie is not a career politician and sees this office as a position of civil service and a continuation of the community work to which she has dedicated much of her life. U.S. Representative | Congressional District 5 | 2 year term

Matthew Welde

(Prefers Democratic Party)

Elected Experience

I am proud to be seeking my first elected position.

Other Professional Experience

I am a domestic violence prosecutor. I started fighting for victims and survivors of domestic violence fourteen years ago.

Education

I earned my bachelor's degree in political science from the University of Oklahoma in 2007 and my law degree from Southwestern Law School in 2010.

Community Service

In addition to my work as a prosecutor, I have presented training for law enforcement on effective domestic violence investigation techniques. I have presented my training fifteen times for officers from ten different law enforcement agencies.

Statement

My campaign is based on Possibility, Progress, and Solutions. I am a domestic violence prosecutor. I started my career in 2010. I have spent my career working in an adversarial court system helping victims and survivors of domestic violence reach safety. Now, my goal is to take my ability to solve problems in an adversarial environment to Congress so I can help the people in our district have a higher quality of life.

Higher quality of life means more affordable gas, more affordable groceries, more affordable energy bills, and public safety. Public safety is important to the people in our district. I believe that our representative must have a background and track record showing a commitment to public safety. As a career prosecutor, I will always have a strong commitment to public safety.

I am also committed to protecting women's rights, freedoms, and privacy. As a domestic violence prosecutor, I have been a champion for women's rights. In Congress, I will continue to be a champion for women by fighting to secure women's reproductive freedom, women's privacy rights, and to address the problem of MMIW in our native communities.

As the son and grandson of union workers, I will also be a champion for workers by fighting to expand workers' rights and collective bargaining.

America is already great. We have much to be thankful for and much to be proud of. We also have problems that need solving. After seeing victims succeed in escaping abusive situations, I know that anything is possible. Any problems we need to fix can be solved. Solutions are the key to progress. That is why I embrace the politics of optimism instead of the politics of grievance or pessimism. I look forward to representing Eastern Washington and connecting with the great people who live here.

Community Service

Statement

I founded the Gynecology Department at the Spokane VA and saw firsthand the disastrous Cerner Medical Records System forced upon Spokane's and Walla Walla's VA Hospitals. Four deaths were attributed to this no-bid contract. Veterans traveled for hours only to find the system crashed, prescriptions unavailable, and their bills wrong. And when our political leaders did nothing, I spoke out on behalf of veterans.

I have been a practicing obstetrician / gynecologist for over 30 years and have worked at CHAS in Spokane since 2009. I am running for congress on a platform of women's health and veterans' rights. When women, or any Americans, are second-class citizens in one state – we are second-class citizens in all states. Oppressive laws where women are arrested for miscarriages or stopped from crossing state lines on suspicion of being pregnant may seem dystopian but are reality in today's America. This most private decision is between a patient, her provider, and God.

I believe in leadership. In April I went to Ukraine and saw for myself how important US support is. There are 30,000 Ukrainians in our district who have friends and family directly in harm's way. I have also been across the district meeting wheat farmers in Dayton, veterans in Chewelah, business owners in Walla Walla, and retirees in Newport.

Eastern Washington needs a moderate leader who listens and will represent the entire district. Most issues we face in our daily lives are non-partisan: Women's Health, veterans' rights, support for our farmers, building infrastructure and broadband, and supporting Ukraine should be given because these are fundamental American values.

Endorsed by Spokane County Democrats, 9th and 3rd Democratic Legislative Districts, Tim Hattenburg, Major General Irv Halter (retired), Colonel Charles Hancock (retired), Dr. Barbara Ziv, Dr. Pam Kohlmeier. Please see our website for full list.

Other Professional Experience

Former Advisor, Hecla Mining. During the 2007 "surge", I joined the State Department in Iraq. In 2009 I worked on a civilian counternarcotics team in Afghanistan, supporting farmers to grow wheat. (It's where I met my wife, Eleanor.) We saw firsthand the bravery and sacrifices of our military. With WSU coach Mike Leach, I taught a class

on football and counterinsurgency strategy.

Education

Community Service

WSU Medical School Advisory Council. Active member St. Augustine's Parish. Youth t-ball coach.

Statement

Today, things are going in the wrong direction. Government spending and taxes are out of control. The result is inflation and rising prices putting a squeeze on hardworking families. Our southern border is wide open, with thousands pouring into the country. Mexican cartels bring fentanyl here and leave a trail of crime and homelessness. It must stop.

I have a proven record fighting for Eastern Washington priorities and winning. In the State Senate, I passed balanced budgets, fought for lower taxes and helped bring a new WSU medical school to Spokane to train rural doctors. I helped block plans for an expensive carbon tax while finally securing funding for Spokane's North-South freeway. My work was commended by business and taxpayer organizations.

In Congress, I'll keep fighting for Eastern Washington: working for Fairchild Air Force Base, protecting the dams, ensuring quality healthcare for rural communities and veterans. As Treasurer, I've been a tireless advocate for taxpayers, fighting tax increases and providing maximum tax breaks for seniors and veterans.

I grew up in Colton and live in Spokane with my wife Eleanor and five young children: I want them – and all our families – to have a chance at the American Dream we've enjoyed.

I'm honored to be supported by former Attorney General Rob McKenna and agriculture leaders like Mark Schoesler, Alex McGregor, Fred Fleming and Chris Schultheis, and community leaders including Mike Padden, Dino Rossi, Nadine Woodward, former WSU QB Jack Thompson, veterans' advocate Wesley Anderson, Melissa Williams, Mike Hewitt, Jeff Holy, Susan Hutchison, Phil Altmeyer, Asotin County Sheriff John Hilderbrand - and many more.

If elected, I'll have offices in Spokane Valley, Walla Walla, Pullman and Colville and will work hard for all of Eastern Washington. I would be honored to have your vote.

Statement

I am proud to be a husband, a father of two, and a lifelong Eastern Washington native. I am running for Congress because I love Eastern Washington and am concerned by the nonsense we are seeing come out of Washington D.C.

In this race, I am the clear, true and proven America First candidate. Don't just take my word for it, look at my record. I am the only candidate endorsed by the Washington State Republican Party. The Spokane County GOP gave me a vetting score of 99.3%, by far the highest score of any candidate running.

As an appointee in President Trump's U.S. Department of Agriculture, I tirelessly fought for our ranchers, farmers, and growers. I also successfully fought to protect private property rights against big government. When I served my neighbors as a State Senator, I was consistently rated one of the most conservative members of the State Senate. I voted against the gas tax increase and sponsored a law allowing rural counties to opt-out of the big government Growth Management Act. As a Ferry County Commissioner, I have a strong record of fighting for rural Eastern Washington.

More than ever, we need a proven conservative to fight for us in Congress. I will stand with President Trump, secure the border, fight inflation, cut wasteful spending, and fully back the blue. I will stand up to special interests and always put the Constitution and Eastern Washington first. If you send me to Congress, I will work tirelessly to deliver real results for the people of Washington's 5th Congressional District. I would be honored to have your vote.

Statement

I am not a politician. I am a wife, mother, grandmother, and nurse. I am also a lifelong resident of eastern Washington, living outside the region only when circumstances dictated I do so. My formative years were spent as an orchardist's daughter in north central Washington. From this experience, I developed a strong work ethic at a young age. My parents differed in their political views but they modeled for their four daughters what civil discourse and healthy debate looked like. I married in 1993 and left the nursing profession for a time to stay home with our children. My husband, also an RN and Iraq war combat veteran, earned his advanced practice nursing degree in anesthesia from Gonzaga University. Following his deployment, our family moved from Spokane to Pullman. After re-entering the work force as a birth doula, I returned to school earning my nurse-midwifery degree. I worked in Pullman, Washington at a local clinic for approximately five years providing midwifery and women's health services as well as primary care for women. During this time I went back to school and earned my Doctor of Nursing Practice (DNP) degree. I am currently employed by WSU as a clinical assistant professor, working with their DNP scholars. I continue to be a strong advocate for the weak and vulnerable. My mission in running for this office is to bring open, honest communication and strategic planning back to the table. Our district and our country are facing many complex issues that require us as a population to work together. I look forward to meeting with many individuals in our district discovering what is important to them and how we can work together resolving issues that affect all District 5 constituents.

Statement

Truth, Transparency, Trust, Together! I'm a moderate Republican! 2024-2028 must be years of courage and action to move our State forward. We have a 'financial livability' issue within our state.

First, there is too much taxation for working families! Without thinking of the financial crunch that Covid and Inflation caused, more taxes were levied on us. When times are financially difficult the state must lessen its tax burden upon its citizens. The key is balance with Governor priorities and needs of the citizens.

Seattle, Bellevue and commuters North helped pay for the I-405 road construction via a toll tax in 2015. The still existing toll tax has generated three times its construction cost of \$50.4 million. Still the toll tax remains. It should be removed or have the citizens choose an alternate budget item for it to go to.

Second, our state is the 8th worst for the production of homes. We need 225,000 homes by 2030 to keep pace with economic growth. Housing is key to reducing intergenerational poverty and providing economic mobility to the low and middle class. The housing shortage will continue to crush family incomes, making it harder to stop rising rent costs and increase homelessness. Our governor needs to be more proactive. There is opportunity here to launch an economic and job, housing transformation.

Third, We need to keep our communities safe! First, be tough on crime and second, be tough on the causes of crime. Public safety takes precedence over the inequities of the justice system; that needs addressed afterwards. We need to fund the police and ensure they are well trained. We need creativity in developing programs that lead and reduce all levels of crime.

Fourth, we need to launch an ambitious rollout of technical, vocational and trade schools in our high schools.

Statement

My name is Cassandra Magdalene Hanson. I was born on April 13, 1972, in Waukegan, IL. At the age of three I moved with my family to Opportunity, WA. I grew up in this area and attended schools here. I have a strong work ethic, and am people oriented. I have gained many work-related skills and worked with a wide variety of people. I have a passion to be the voice of the people and I will stand up for people's needs. I will go up and above to get whatever needs, within reason, are to be met.

I believe every voice needs to be heard and I want the opportunity to hear the voices of the people and work with you and for you. There are families with little to no food. Sometimes the only nourishment children receive is provided by the schools. There is a new federal program and with a push from Senator Patty Murry, this summer program funded from the state legislature will provide families with a \$120 preloaded EBT card for grocery stores and farmers markets. We appreciate the Senators ability to get funding and we are grateful. \$120 is a good start but as many of us realize this amount will not cover the needs because food prices are skyrocketing and if I am voted in as governor, I will fight for this cause.

Harsher laws for drug dealers, peddlers and addicts need to be put in place. If we as a state are concerned about these issues, we need to get involved by contacting our local authorities, law enforcement, governor, and senators. We need safety and we need to protect our children.

Other concerns and issues that need to be dealt with are more drug and alcohol rehabs.

Statement

<https://www.youtube.com/watch?v=1DIJNUSB0s>

I am proud to be part of a movement in Washington dedicated to eradicating homelessness and addiction. For over 27 years, I've built relationships with homeless individuals through feeding programs and encouraged them to join recovery programs, leading to thousands of successful recoveries and millions of meals served. This includes programs volunteers fund on their own in homes and organizations like Christian motorcycle associations, which are currently unsupported by Washington.

As a school bus driver, I've seen the dangers of fentanyl on school buses. We must protect our children from this threat. We can transform lives and create a brighter future by offering compassion and support. I have a plan to bring lasting change to our schools.

In September 1996, on an island in the Pacific Northwest, I witnessed a horrific event involving a young girl being abused by a group. When I tried to report it, I was threatened by the community and authorities. This terrifying experience exposed the deep-rooted corruption and abuse in our system and ignited my mission to protect the vulnerable.

As governor, I will fight corruption by establishing an independent commission investigating law enforcement and government agencies. I will also implement stronger protections for whistleblowers to safeguard those who speak out.

We must also overhaul our foster care and family court systems and install the parenting evaluation produced by U of W and discarded by our politicians. I will ensure regular audits of family courts and create a task force to combat child trafficking. Additionally, I will expand mental health and addiction services; together, we can make Washington State safer.

Statement

I'm running for Governor because in the past decade our state has become unaffordable and less safe, which is why we need a change in leadership. My wife and I want our own six children to be able to afford to live in Washington after they finish school. Every Governor for the past three decades has been a lawyer, it is time for a small business owner in the Governor's office so we get value out of current tax dollars rather than asking for new taxes every year.

During my time in the senate I have pushed back on both the extreme right and extreme left. I have a long track record of finding bipartisan solutions to our state's biggest challenges. We need a Governor who will bring people together, not divide them.

I'm endorsed by the mayors of Everett, Ellensburg, Kent, Renton, Lacey, Mercer Island, Woodinville, Snoqualmie, Covington, Maple Valley, and Issaquah, because I'm committed to state investments to improve local public safety. I'm endorsed by *law enforcement organizations* and *Eastside Firefighters* (Local 1762) because I'm a public safety champion. I'm endorsed by *Seattle Council President Sara Nelson* because I led the charge to make sure our state did not decriminalize dangerous drugs like fentanyl. I'm endorsed by our *Secretary of State Steve Hobbs*, *Senator Annette Cleveland*, and *Senator John Lovick* because I always stand up to protect women's reproductive rights (I have four daughters). I'm endorsed by the *Realtors* because I'm a housing champion. I'm endorsed by our *Public School Employees* (Local 1948) because I'm a champion of our public schools (my wife is a teacher).

I'm a dad on a mission to keep the state I love affordable and safe for my children. I would be honored to earn your vote so we can change Washington together!

Statement

As an American citizen of Japanese descent, born and raised in Washington State, it is my honor to run for office. As Governor, I have a powerful plan to address a Nationwide problem of drug-related, homelessness that begins in our own Evergreen State. My strategy involves mandatory rehabilitation, community involvement, and medical/psychiatric care, with work-related training programs, promoting self-sustaining futures for each individual.

Public schools that impose sexually mature agendas on vulnerable minds will be held accountable to an appropriate curriculum that includes guardian involvement. Children will not be given the option of making body-altering decisions with a doctor, funded by our taxpayer dollars, especially without parental consent.

My strategy will be to reallocate resources, making housing and the cost of living more affordable, while empowering change! With higher fuel taxes, around 49 cents per gallon, and exorbitant sales taxes imposed by Legislators, I will fight hard for you. I will take radical steps to protect your rights to life, liberty and the pursuit of happiness, with improved, 2nd Amendment firearm safety training, while working diligently with our police force and state legislators to reduce unnecessary government spending. Our beloved Veterans and Seniors should never have to wait 5 months, or even 3 hours just to see a doctor!

As your Governor, I will make all Washingtonians a financial priority, with aims on thresholds being heightened, and growing property taxes being capped, so senior citizens are not forced back to work during retirement years, of which social security will be kept safe.

I will prioritize the importance of family, and actively promote Dad's parental involvement, especially with their sons.

As Governor, I plan to bridge the gap between both parties in one united goal; pursuing peaceable solutions that improve a better for us all; who always work better together.

Statement

Washington has been a lifeboat in a churning sea of embarrassing national politics. As our country loses freedoms (like Roe V Wade), and is ravaged by pandemic, inflation, ecological collapse, and democratic erosion, the people have held strong defending our state's values and way of life. I'm running for Governor because we can't wait for Congress to secure our own futures in the state we call home.

I'm a lifelong Washingtonian. I was educated by our public schools like Inglemoor High (go Viks) and UW (go Dawgs). I've worked up and down our tech industry from the scrappy Code.org to the multinational Microsoft. I've been a full-time movement leader at Whole Washington organizing marches, leading ballot initiative campaigns, and testifying to commissions in Olympia. If elected, I'd be Washington's first Governor of Viet descent.

Washington has every ability to implement life changing policies like universal healthcare, a housing guarantee, and tuition-free higher education. These universal services will provide immediate relief to millions and ensure nobody is left behind while enabling us to make important transitions in the face of changing technology and global competition. These policies aren't just possible, they are sensible investments in public goods.

Our state has a higher GDP per capita than even the wealthiest nations of the world like Norway and Sweden. It's home to 13 billionaires, leading industries, and top research institutions. But our greatest wealth is the ingenuity, independence, and compassion of our people.

The world we want is possible today in Washington and is only a matter of political will. I aim to be that political will whether through active citizenship or from inside the Governor's mansion. I am your organizer, but you my fellow Washingtonians are the movement.

Get involved at www.publicstackhouse.org. Our future awaits us.

Statement

As a former single mother, veteran, wife of a union worker, author, and small business owner, my lived experiences represent the struggles and triumphs of everyday Washingtonians. I'm not running alone; we are running for Governor, uniting in a community-driven campaign to amplify marginalized voices and enact genuine change across our state.

My platform promotes unity, collaboration, and ensuring unheard voices have a seat at the table, with a focus on prioritizing mental health, addressing homelessness, and reforming policing to reduce recidivism. Fiscal responsibility and accountability are non-negotiable and will be addressed from day one.

My diverse background equips me with a profound understanding of the legislative process, government operations, and advocacy for critical issues. With my listed leadership roles and political engagement, I bring valuable insights into national security, defense policy, and veterans' affairs, informed by firsthand experiences and challenges faced by service members, veterans, and our families.

Through my nonprofit organization, which educated youth on the legislative process, and internships with State Representative Jimmie Smith, I gained invaluable exposure to the inner workings of government, decision-making, and the importance of fair governance. My professional journey underscores my leadership abilities, collaborative spirit, organizational management, and advocacy on behalf of constituents, mobilizing diverse groups toward common objectives.

Like many of you, my family struggles with economic challenges, and realizing the American dream feels like a nightmare. Unlike my opponents, who lack the lived experiences of the voters, I offer a fresh perspective, untainted by career politics. To effect real change, we must break free from the status quo for the betterment of our state.

As Governor, my commitment is to Empower Every Voice and Build a Politics Removing Labels. Together, we will dismantle stereotypes, encourage dialogue, and empower communities to actively shape the future of governance.

Bob Ferguson

(Prefers Democratic Party)

Elected Experience

Attorney General. Reelected with 67%, winning 37 of Washington's 39 counties. An independent leader, Bob manages Washington's largest law office. He protects the rights of all Washingtonians, prosecutes criminals, and stops price-gouging that harms families.

Other Professional Experience

Bob began his professional career in Eastern Washington. He worked with federal judges appointed by presidents of both parties. Bob represented taxpayers, local governments, and small businesses. Growing up, he worked delivering newspapers and washing dishes at a senior home.

Education

University of Washington; Law Degree, NYU.

Community Service

Bob served in the Jesuit Volunteer Corps, managing an emergency services office assisting vulnerable individuals and tutoring kids.

Statement

Son of a special education public school teacher and a Boeing employee, Bob takes on the toughest fights, solves problems, and gets things done for you—not powerful interests. He is the only candidate who refuses campaign contributions from corporate PACs and large corporations. Never satisfied with the status quo, he'll protect your rights and deliver change for Washington.

As Governor, Bob's top priority is improving public safety. He'll hire more police officers to combat crime and fentanyl. He took on powerful drug companies, winning \$1.2 billion for increased treatment and first responders. Nurses, firefighters, and prosecutors endorse Bob because they trust him to combat public drug use and improve the mental health system. Bob worked alongside law enforcement to end the rape kit backlog and bring justice to survivors. He knows how to bring people together to solve big challenges.

Bob and his wife Colleen, who works at a community college, are raising teenage twins. Bob knows high housing prices make it hard for too many families. He'll work with both parties for commonsense solutions to address homelessness and rising housing costs—building 200,000 affordable homes in four years. Bob will increase opportunities for every Washingtonian to get ahead by investing in career education, skills training, and apprenticeships.

Bob understands our democracy is threatened and successfully blocked dozens of illegal Trump administration actions. As Governor, he'll defend our democracy and protect Washingtonians. A champion for reproductive freedom, Bob is the only candidate endorsed by Pro-Choice Washington and Planned Parenthood.

In contrast, Congressman Dave Reichert said, "I love Donald Trump's policies," and voted with Trump 92.5% of the time. Reichert repeatedly voted to impose a nationwide abortion ban that criminalizes doctors and to abolish the Affordable Care Act. Reichert opposes marriage equality.

Bob fights for us.

BS in Computer Science from the University of Washington, with minors in French, International Studies, and Entrepreneurship.

Community Service

President and Founder of Interactive Intelligence, expanding access to neuroscience and AI education. Volunteered for Trans Pride Seattle

Statement

The Democratic party has failed us. I'm Chaytan. I am 22 years old, and I am not a politician. I'm running for governor for one simple reason: We – me, my generation, your kids, and your future – are out of time.

Fossil fuel use in Washington state has increased under Jay Inslee (EIA State Energy Consumption Estimates, 2023). That's right. Despite clean energy subsidies, wind farms, and the cap-and-invest program, fossil fuel use has *increased*. While crops dry out and heatwaves strike, our politicians broker corporate lies, enrich the rich, and make us pay. Other candidates have no reply. I do. On day one as governor I will declare a climate emergency and shutdown building the GTN Xpress pipeline. But that's just day one.

It's time to stop lying to ourselves about the environmental crisis. Energy is not infinite so GDP cannot grow indefinitely. Infinite growth is illogical. Worse, growing GDP enriches a few and crams people into cities, destroys the environment, and raises prices. We're investing in EVs instead of public transport, carbon offsets instead of real change, recycling instead of reusing. So why don't we cut the shit. We cannot outconsume overconsumption. But this is, in fact, good news.

We can stop corporate destruction by changing the rules of the game. As governor, I will give the Earth rights. It flips the board. Giving the Earth rights gives people the power to steward our land and resources. It takes away the bureaucracy of the environmental crises and places trust in people – not corporations – to protect our most precious gift.

Finally, let's address the elephant in the room: you think I am not as qualified as Bob Ferguson. Well you're right. The last thing we need is another old politician as governor, repeating the same complacency.

Statement

Since the start of my campaign last November, I have been the only candidate consistently focused on two key initiatives that ensure our state's survival over the next four years: 1) Bolstering Washington's economy in the face of a global recession, and 2) Preserving the rights of all Washingtonians in what many perceive to be an environment of increasingly Orwellian and corrupt government.

Whether you consider yourself a liberal, conservative, or somewhere in between, nothing any candidate says matters if they will not focus relentlessly on these two items.

As I write these words, we are a nation at war, both by proxy with foreign nations as well as here at home with each other. This *civil disunion* is quickly snowballing, with each side of the red / blue divide believing that their side must win in order for our nation to survive. Will this game of "Tug of War" bring us *more* stability and security, with 49% feeling disenfranchised and abandoned when the results are tallied?

Libertarian governance, by contrast, offers us a way back. It gives us a *true* check and balance on the left / right duopoly in Olympia and prominently features a way of thinking that drove the health and wealth of our early nation and state, the idea that *we the people* should be free to live our lives and pursue our own interests without government interference so long as we harm no others nor their property.

Libertarianism is a light framework that restores our day-to-day choices to us, reduces our cost of living, and strips away the avenues of corruption used by those in politics: money and influence. *And the best part?* It creates the societal conditions where we can be neighbors with each other again.

Please join me in voting Libertarian this election!

Dave Reichert

(Prefers Republican Party)

Elected Experience
King County Sheriff, 1997-2005; US House of Representatives, 2005-2019

Other Professional Experience
US Air Force Reserve (1971-1976). Joined the King County Sheriff's Office in 1972. In 1997 became King County's first elected sheriff in 30 years. Vice President, Gordon Thomas Honeywell from 2019 to 2023.

Education

Concordia Lutheran College, AA

Community Service

Served on King County's Domestic Violence Council. Board of Directors for The Borgen Project. Founder of King County Violent Firearms Coalition. Former Member of King County Committee to End Homelessness. Founder of King County Sheriff's Police Activities League. Youth coach and counselor. Two-time Washington Medal of Valor Recipient. National Sheriff of the Year.

Statement

For nearly 40 years our state has been lost in a wilderness of one-party rule. What has that gotten us? The highest violent crime rate in our history, friends and family dying from fentanyl, record homelessness, and the worst maintained roads, highways, and ferries in America. As your governor, I will work tirelessly to foster an economy that works for everyone, safe streets and neighborhoods, and ensure the children in our state get a world class education.

From the United States Air Force to the King County Sheriff's Office, I witnessed examples of selfless sacrifice, individuals who put others before themselves. That experience taught me what it means to have a servant's heart, honored by an opportunity to help, and driven to show the courage and humility it takes to get things done. As King County Sheriff, I arrested violent criminals and locked up human traffickers who preyed on women and children. On my watch crime was down as we enforced the law and everyone was accountable. This experience served me well when the people of Washington sent me to Congress where I worked with Republicans and Democrats to pass big and bold policies on everything from taxes to trade to protecting our beautiful environment.

We've been living in a state where our leaders have pit region against region, generation against generation, and yes even family against family. Dividing people is not the answer. We must work together, side by side, to tackle the issues we all face. I have been endorsed by nearly every sheriff in the state and people of all party affiliations – Republican, Independent, Democrat – are joining our campaign because they understand that business as usual is no longer an option.

I would be honored to have your support to be your next governor.

Don L Rivers

(Prefers Democratic Party)

Elected Experience

Other Professional Experience
Hello, I am Don L Rivers and I am running for governor of Washington State because I am seasoned. I've advised elected officials, law enforcement agencies, and others in this state, across the nation, and abroad for over 4 decades. I was asked to be a consultant in DC but declined the offer to stay and make our state better. In the private sector, I worked as a union worker for 50 years before I retired.

Education

No Information Submitted

Community Service

I have volunteered with several organizations including Family Center and Project Children for over 20 years.

Statement

I have walked in marches and stood with those who have had loved ones shot and killed wrongfully by law enforcement. I have sat with parents whose children have been kidnapped, traded into the world of sex trafficking, and even murdered. I've observed, like many of you, that our young people are in crisis and struggling to survive in today's society. We have a nonexistent mental healthcare system. We must find new ways to increase the government's revenue and opportunities to balance our tax system. Our eroding bridges and outdated ferry system must be repaired and replaced, and we must address the issue of flooding. I know I can remedy these problems that our state is facing.

This election, you can elect a real public representative; one that is not about black or white but accepts all cultures, creeds, races, and people; one that is not pro-life but pro-choice; and one who believes that every person should have the right to feel safe in their own community. I believe that dealing with homelessness is the greatest opportunity to bring positive change in society. I would expand access to housing, mental health, and drug rehabilitation services throughout the state. Getting people into housing is the best way to convince them to become productive members of society.

I believe, by using the 3L program of Listen (to the people's concerns), Learn (from their experiences and issues), and Lead (them to a brighter future), that I am the right choice to guide Washington State. I look forward to working together to better our state. All are included. Thank you.

Governor | 4 year term

Jim Clark

(States No Party Preference)

Elected Experience

Secretary, Computer Technology Investigators Northwest (CTIN), non-profit organization.

Other Professional Experience

Washington State 2023 Child Support Schedule Workgroup member.

Education

Pepperdine University (MBA), University of California at Santa Barbara (M.S. Computer Science), and University of Massachusetts at Amherst (B.S. Computer Systems Engineering).

Community Service

Four years advocating for legislative court reform as the Washington State Chair of National Parents Organization. Ten years parent volunteering in Lake Stevens School District K-12 classrooms including two years helping teach high school computer science using the Microsoft TEALS curriculum. Fifteen years volunteering for the Citizens Wildlife Monitoring Program maintaining remote camera sites that photograph wolverines, wolves, fishers, bears, and more.

Statement

Significantly unequal child custody and support orders create additional family conflict, cause tremendous harm to families, and ultimately do not benefit children. Washington State received a grade of 'F' for custody rights and child support protections by National Parents Organization. A top priority of the next governor should be to enact a Shared Parenting Bill of Rights to reform our failing court system to benefit children.

A Shared Parenting Bill of Rights first and foremost reforms our family law courts to protect the rights of all fit, willing, and able parents to have the default presumption of equal shared custody. The benefits of 50/50 shared parenting for children are well documented by decades of scientific research and apply to even high conflict separations and divorces. Five states have already done so with very positive results.

Child support reforms are needed to automatically share money between parental homes that share custody (Residential Credit). This ensures that child support equally protects children in both parental homes and that payments are more equitable and predictable, which in turn will reduce conflict. Currently, even in the families that already share custody 50/50, child support is shared in only one out of four cases.

Washington State needs to reform court funding and staffing levels so that justice is speedy and cases are not unnecessarily delayed. Regardless of whether an innocent parent needs custody restored or a guilty parent needs custody removed, delays in the court system hurt children and should not drag on while children grow up.

Your vote in this election can help elevate the issues of court reform and shared parenting so that the next governor must address these issues to get your vote in November. Donations will support the Campaign for 50/50 in 2025. See <https://SharedParentingGov.com> for more information.

Statement

A call for real change to end the endless division MAGA 2024 is our movement, and justice is long past due. We see homelessness, drug abuse, and the grooming of our kids. It's time to deport all illegal immigrants and end sanctuary cities. However, regardless of your opinion on these issues, it's time for the people of Washington to unite for real grassroots change. No other candidate possesses the skill set needed to lead us out of the darkness like myself. Anyone who tries to tell you about the challenges we face moving forward is misleading you. We have no way to assess the damages done to our state under this failed administration until we gain control of the real numbers and information. In my opinion, we've been given less than 1% of the information. It's in the best interest of those who control the levers of power to keep this information from public consumption. The rot and abuse within state agencies are beyond imagination. They've been awarded the ability to defer corrective litigation to themselves. This division by issues separates us, but we need unity. I understand that many of you feel the voting system is rigged. If 1/3 of the population feels this way, it lacks confidence. However, even if they are cheating, not casting your vote gives it to them, and no crime is done. Let's make them Cheat. Once I win, I'll show you a whole new world of government controlled by the people. WWG1WGA is the people's way of taking back control. Please watch my video series on YouTube. Elected Experience

I started The Freedom Project in elementary school, 3rd grade, as an experiment to see if reform and balance could be implemented, and whether people would respond with charity for all, e.g. Lake View Elementary School in Auburn, WA. If elected, I'll hire those willing to help reform the government, such as Governor Inslee, many who are running right now, and those across the state.

Other Professional Experience

I am strong in mathematics, science, public service, and human relationships.

Education

I have a BA with an emphasis in Multicultural Counseling, and Business, Master level work in counseling.

Community Service

Experience working with children and families.

Statement

My campaign website is <https://sites.google.com/view/edwardcale4washingtongovernor/home>. If elected I will implement the Freedom Project, an online program that allows Washington State residents/registered voters to both vote and participate in government at the local level and state level. I plan to reform the education system by making acceptance rates, graduation rates, and etc. transparent for all levels, degree programs, and institutions; I plan to resolve the education system's financial scam, providing relief for all borrowers. I will reform the welfare and prison systems, and also implement new laws that require gender and paternal equality for all across all government funded programs, departments, and institutions. I plan to implement a four phase program of rehabilitation and mentorship, and help lift people out of homelessness, poverty, disability, and welfare. I also plan to reform the immigration system. I plan to institute projects in housing, business, and transportation that benefit all people in every socioeconomic bracket of the state. I plan to help families, even working families, afford the cost of child care, prescription costs, medical expenses, and insurance through new programs. Additionally, I plan to address the issue of massive incarceration by addressing the need for prison reform through a four phase program where those incarcerated are able to correct areas of need and integrate successfully into society (i.e. less time in the prison system, less cost to tax payer, less repeat offenses). Further, I will help businesses across the state afford better retirement and benefits for their employees through a new retirement resolution department.

If elected I will help make Washington State one of the most prosperous states, with your help.

Thank you.

Other Professional Experience

My 23 year Air Force career included evaluating, writing plans, and preparing for worst case situations. As a civilian, I helped injured or ill workers return to work as a contractor to the Department of Labor and Industries for 5 years. I evaluated clients for the Department of Social and Health Services employee for 12 years.

Education

I have a Bachelor's and a Master's degree in Education.

Community Service

I was a court-appointed Child Advocate for foster children. The day I'm sworn in, Law Enforcement officers will again have the authority to arrest and detain criminals and assist Immigration and Customs Immigrations Agents.

Statement

I'm Frank Dare. I'm running for Governor as an Independent Candidate, because it's time for a reasonable change! We must have Open Government, Closed Borders and understanding for All Lives Matter. I'm the only candidate who has the experience and background to help with our more serious State Problems. I'm asking our citizens to vote for me.

My wife and I were married while I was training to become a Rescue Pilot. Our daughter was born a week after I left for Vietnam. Our son was born a year after I returned to the States. We raised our children in or near military bases, we and our neighbors knew we wouldn't suffer from lack of compassion and care. I will insure our law enforcement officers and other first responders' families receive the same compassion and care.

I will work our State Departments, Agencies and Legislators to use reasonable ways to reduce our debt and lower our taxes. I will recommend some of our money be spent for children and families being safe in parks, which will reduce drug use and crimes. Our money will be used wisely to reduce the major problems in education, health and finding work within peoples abilities. I know about the problems teachers and children have, including "life sentences caused by irresponsible parents."

My experience in plans, education and social service will help me lead our state in recovering from the damage done by Inslee and Ferguson's "Sanctuary State" and "Keep Washington Working" illegal laws to protect their illegal aliens.

As Governor I will lead our state using a system similar to the military to help diminish current problems.

The military doesn't have problems with abandoned children, drugs, and crimes they and their families must abide by strict sensible laws.

Other Professional Experience

I have spent 4 years in the Navy as an aviation electronics warfare technician maintaining communications and electronic warfare systems on the now retired EA-6B Intruder aircraft. Other duties include assignments to base security as a trained auxiliary security force personnel, operating and maintaining aircraft support equipment such as mobile power plants and aircraft air start units. Other work and

life experience includes working in a variety of construction related fields.

Education

Some college.

Community Service

I volunteer every week at the Dayton food bank helping provide food to needy families.

Statement

I am a formerly homeless Navy Veteran who spent several years living on the street and living in different vehicles. Having seen the other homeless population struggling with many problems including drug addiction, alcoholism and mental illness I know where the system fails Americans at this level, especially with Veterans. I have gone through Washington's foster care system and witnessed my foster parents commit acts of domestic violence against each other. With opioids playing a major role in that violence, that has shown me that higher standards for becoming a foster parent must be implemented before any improvements can happen. Life experience always counts for much and my time serving in the Navy and being assigned to Military Security along with my many other responsibilities has given me unique insights on how to give law enforcement real reform instead of cosmetic changes. The greatest responsibility of an American is ensuring that our government remains honest and free from corruption. Removing corruption from our government is why I am running for Governor. I am spearheading the movement to Amend our Constitution so that our country can function as intended by our Founding Fathers. I will be pushing for the State Legislature to declare for a Convention of The Many States under Article V of the United States Constitution. I believe this is the only way to rid our government of the corruption that is plaguing it. I handed such Draft Amendments to my Congressional Representative who has still not taken any meaningful action. If I am not elected as governor, I do not want to hear anyone complain about corrupt politicians or corruption in government ever again.

I want to Offer what's been missing: the vision and proper ideology necessary to transform our society.

Imagine a place where prophylactic, preventive medicine and alternative healthcare options are thriving, where you can see doctor quickly, where people are conscientious about what they think and do, where main motivation at work is to get the job done the best they can. A society where no attorney, politician or judge dictates health choices. You decide what treatment and which doctor to consult. I'll work tirelessly to ensure that.

Imagine a future where issues like crime, squatters, drug abuse, homelessness, and skyrocketing prices are gone. These problems are solvable, some quickly and easily, but not by current politicians. And hiring thousands of cops will not stop the crime (it never did before, just kept it at bay). We have to change the way we think, interact and live our lives. That requires different education, leading by example and answering a question about purpose of life. We need to rebuild families. I'll introduce comprehensive education reform to empower students and educators alike.

We can have a government that is a friend, that will build roads and freeways that it promised for years, but never did, that pays off the tolls, lowers the cost of car tabs for everybody, including residents in Pierce, King and Snohomish Counties; where the best, the brightest and most capable are taking the leading positions to create better opportunities for all.

I understand the multifaceted challenges facing our state. My vision, education, experience in both business and personal struggle uniquely positions me to tackle this pressing issue.

Together, we can create a Washington that thrives in every aspect. We'll have a business friendly climate and try to bring back Boeing headquarters, Amazon, other businesses that left the state.

Statement

Our political system is broken. Tribalism and extremism have taken over, and it's become more about purity and the other "team" losing than finding solutions that make real differences in people's lives. Compromise is not a bad word. It usually means the right balance is reached because neither side feels like they won. *It's time for another way.*

I'm running for governor as a nonpartisan candidate because voters deserve a real choice—someone who has the experience to run a complex enterprise like state government and has collaborated with non-profits, environmental groups, and others to reach compromises on challenging issues, like salmon recovery. Our shared values of *safe communities, a strong economy, a good education, and a clean environment* aren't partisan. They unite us, and we should expect balanced approaches from our government.

My parents, both educators, shaped my view of the world and the work I've done. Their work with students with diverse life experiences taught me to listen to and learn from all viewpoints.

Since starting my career in banking to help pay for college, I have built and run big and small businesses. That required assembling teams of smart individuals capable of advising and leading complex and costly projects. I have interacted with various public and private entities, and, most importantly, I have had to make tough decisions, including balancing a budget.

As an Eagle Scout, Boy Scouts has always been part of my life. Working with local leaders, we created Scoutreach to engage with underserved communities to foster greater equity and access to outdoor experiences. As an outdoor enthusiast, the environment has always been a high priority.

If you're ready for *pragmatic, nonpartisan* leadership and someone who will work across party lines to craft balanced policies that move our state forward, I ask for your vote.

I've participated in many community projects, national nonprofits, and I'd work full time as your citizen representative for a single term.

Statement

Are you happy with the state of our state? I'm not. I'm running for governor and I'd be honored to earn your vote. To my kids and grandkids, remember you miss 100% of the shots you don't take.

Our state is at a crossroads. We're facing rampant homelessness fueled by addiction, out-of-control spending, over the top housing costs and bureaucracy, a lack of adequate funding for mental illness, runaway crime and the ballooning human tragedy of the opioid crisis. Current career bureaucrats believe they can solve the problem by increasing taxation. It isn't working for anyone but them. We need a citizen representative to make some difficult choices to change our trajectory.

If you don't like the prospect of me representing you, please vote for a change in leadership. Statement

I'm filing as a candidate as I have for a decade, not to win but to use Voters' Pamphlet to attract voters throughout state to my blog, <http://stopeastlinknow.blogspot.com>. It's my attempt to make a difference by providing information voters won't read or hear about elsewhere.

For example, the purported need to reduce CO2 emissions. The state only admits 1.5% of the country's and 0.175% of the planet's, hardly a climate crisis. Forcing emitters to pay to continue only adds to the costs they'll pass on to consumers. Costs that will surely increase if the Climate Commitment Act isn't repealed.

Voters don't read or hear that WSDOT plans to impose HOT fees on two I-405 lanes will increase congestion on GP lanes and little to reduce HOV travel times. They need to allow GP use on one of the lanes and set fees on remaining HOV lane to achieve the 2000 vehicles per hour and 45 mph that maximizes capacity.

That Sound Transit intends to use 2016 ST3 approval for \$54B from 2017 to 2041 to spend \$145B from 2017 to 2046 and end with \$28B owed. The resulting light rail "spine" won't have the capacity to reduce I-5 peak hour congestion and will cost too much to operate off peak. Their plans to use light rail trains to replace bus routes will reduce transit capacity into Seattle, do nothing to reduce GP lane congestion, and riders transferred will reduce access for current riders.

They plan to open \$12.5B and ten or more years disrupting Seattle doe light rail trains from Ballard to Sodo. The area already has excellent bus service and terminating East Link and West Seattle at the existing CID station benefits both areas and avoids the need for a second tunnel.

My blog provides the details.

Statement

"There are only three things that America will remember 2000 years from now when they study this civilization: The Constitution, jazz music and baseball. These are the three most beautiful things this culture's ever created." - Essayist Gerald Early "America's founders intended powers to be exercised not at the federal level, but by state and local governments, which represent fertile ground for policy innovation," setting the example of America, as light on the global hill needing infrastructure and economic development at city and state levels." - Secretary Condoleezza Rice

Being a descendant of Chief Justice John Marshall, I am born into the U.S Constitution, as Jazz was born in the USA. It's music shares individuality, improvisation, creativity, and innovation of the American people. Baseball is about *all* people, sharing communal entertainment. It's values of perseverance and teamwork help us all to overcome adversity. The values of jazz and baseball, that inspire our country, are also part of the gritty everyday reality of life in Washington State.

These values pulsate through the communities I have worked with and served for many years. I see the local, national, and global potential of Washington State, from the grassroots up. It is my dedication to represent you as Governor, making a real difference.

As Governor, I will direct an estimated 1.5 trillion dollars toward investment in economic relations with Africa, to heighten the values of the three most beautiful things our culture has ever created, as I will expand our state's ties with the world's largest democracy, India, as Americans belong to the world's oldest democracy.

The Constitution, jazz and baseball represents and includes All American values. As Governor, I welcome you, the people of Washington in our drive for our state, and nation, to once again be that global light on the hill.

Statement

Washington State GOP Endorsed Candidate

I was raised in King County and have worked and retired in Benton County, giving me a perspective of life on both sides of the state. People on both sides are tired of career politicians representing their own political ambitions, big money donors, and political elites, while our state is on the precipice.

Our children's future is being sacrificed by a broken education system that has strayed from the focus on academic excellence, yet we pay billions of taxpayer dollars to fund it. Washington has become unaffordable for citizens and small businesses due to bad policy and over-taxation.

Our public safety is among the worst in the nation, driving up insurance costs and forcing citizens and businesses to flee our state. Homelessness, mental health, and addiction are at an all-time high, while the flow of fentanyl into our state and onto our streets, goes unabated. The time for change is now, and we must unite to make it happen.

I am applying for the job of Chief Executive Officer of Washington State, not to hold office for more politics as usual, but to bring servant leadership and accountability to Olympia. I have the knowledge, skills, abilities, experience and expertise to do the job well. On day one, we will initiate a third-party audit of all state offices and programs and immediately move toward improving efficiency and performance of your state government.

The billions saved will be returned to citizens through tax relief and fund staffing and technology to address youth crime, drug trafficking, human trafficking, and organized crime. We will support parents and bring accountability to our education system through our education reform initiative. Homelessness will be addressed compassionately with a focus on mental health and addiction intervention as a priority to housing and rehabilitation.

Statement

First and foremost is my commitment to our democracy.

The lieutenant governor is unlike other elected positions. Distinct from positions based on policy or partisanship, it is uniquely concerned with the integrity of the political process. While the lieutenant governor does not vote in the legislature or introduce legislation, he or she is president of the Senate and presides over Senate sessions, assuring their smooth operation according to standing guidelines. The lieutenant governor is also the chairman of the rules committee, a bipartisan group responsible for setting the agenda for the Senate sessions. My greatest strength is in being a strong supporter within my field of responsibility. As Lieutenant Governor I would be a member of the executive team. In the unlikely event that I would need to assume the role of governor, charged with the full-time duties of the office, I am confident that I could manage all responsibilities required, and would serve the citizens of Washington professionally and competently.

As a lifelong Washingtonian I have seen the changes in society and politics. I am running for Lieutenant Governor to bring pragmatic solutions and bipartisanship. It is the commitment of every elected official to represent all citizens, not just the 20% on the left or right. To foster progress and civility in our state government, to lead, not follow as the easiest path forward.

It is time for a change in leadership from what we have had over the last 4 to 12 years. My platform prioritizes access to women's reproductive health care, and responsible financial transparency and responsibility. Investing in our communities to create jobs, supporting our schools to prepare our youth for the future, and ensuring every individual has access to quality healthcare.

I am committed to working at local, state and federal levels to help all citizens now and into the future to benefits all. Statement

Our beautiful state of Washington has an out-of-control crime problem. Hopelessness among our youth and homelessness on our streets both are rampant. Fentanyl is killing our children. The cost of living is becoming unbearable for our people. State government is increasingly interfering in the relationships between parents and their children, robbing our kids of a proper education.

The terrible laws that created this disaster passed through our State Senate. The Lieutenant Governor serves as President of the Senate and is able to influence legislation for the better and for the people. When elected, I will stand in the gap blocking the radical agenda of insiders in Olympia, the activists who are destroying, rather than advancing, our civilization. I will stop the misguided extremism now steering state government, returning the focus toward serving you and *all* of the people of Washington.

We need an experienced professional with the team-building skills and training needed to put our state government to work for our people and for you. I have succeeded for many years bringing people together to solve problems, saving precious taxpayer resources, and making people's lives better.

I respectfully ask for your support and for your vote. *Thank you!*

From presiding over the State Senate to building bridges throughout government, I seek to establish a climate of cooperation and constructive leadership, restoring confidence in our government.

Career politicians fail us when they deliver dictates, division, and dependency rather than diplomacy and respect. I have stepped forward to help fix a broken system. One political party has controlled our state for decades, representing powerful, big-money interests, growing more extreme, even radical. We must resolve to change course, finding common ground.

JFK challenged: "Ask not what your country can do for you, ask what you can do for your country." I will seek to always advance relationships, balance, and communication, providing a unifying voice and vision for all.

Compelled by faith, hope, and love, I will stand for your rights and our children's future, fulfilling the high calling of serving the public trust with honor and integrity, of service above self. Statement

Thank you for the privilege and opportunity to serve as your Lieutenant Governor for the last four years. The most important part of being Lieutenant Governor is serving as President of the State Senate and presiding in an impartial way, fairly applying the rules to everyone and to both parties. We have done this.

But the office of Lieutenant Governor also affords the opportunity to advocate for important policy priorities. We have advocated long, consistently and clearly for the need to more forcefully address the housing crisis in our state, especially for affordable homes for low and moderate income families. Our work helped lead to many accomplishments last year, causing the 2023 session to be called The Year of Housing. So much work remains to be done. We will stay at it.

We have also worked hard and in a bipartisan way, to improve our civic health. We all know it needs to change. We need more respectful discourse in the public square, more inclination to try to find principled compromises and when we cannot, a greater ability to disagree better. Here, too, we will doggedly stay at it.

In this spirit, I humbly ask for your support.

Statement

As a native of Russellville, Alabama, and 2nd oldest of 14 children, I was instilled with the values of leadership, hard work, and community engagement from a young age. However, it is in Washington State that I have found my true home. I am deeply rooted in this community, and my commitment to giving back is unwavering. My journey has taken me to the boardrooms of nonprofits and from volunteer mentorship roles.

My decision to run for Secretary of State is driven by my unwavering belief in the power of representation and the crucial role of ensuring that every voice is heard in our democracy. I firmly believe that true success in rebuilding trust requires a shift towards accountability, transparency, and genuine engagement with all communities, particularly those historically marginalized and underserved.

However, I cannot do this alone. I need your support to enact meaningful change. Together, we can build a brighter future for all Washingtonians, one where every voice is heard, every vote counts, and every community thrives.

Statement

I am running for Secretary of State because Election Transparency is the most important issue on the ballot. We must instill confidence in the electorate that our elections process and infrastructure are accessible, transparent, and secure. This includes giving the public a closer look inside our elections process and bringing back in person voting in addition to our mail-in voting.

The Secretary of State's office also has an important duty to the incredible businesses throughout Washington in making sure the government red tape does not impede on entrepreneurs ability to create and run their businesses in the state. When I am elected Secretary of State I will work with the Governor and State House to make Washington the most business friendly state in the country.

I have lived in Spokane since 2008 when I emigrated from the United Kingdom to the United States. My wife and I both run small businesses in Spokane, we have two children and a grandchild, we have established our roots here, and we truly love the beauty we have here in Washington State.

Statement

Your Secretary of State should represent *all* the people of Washington, not just one party. I am running under No Labels, because our political leaders need to listen more to the majority and less to extremists on the far left and right.

I have extensive experience in election administration where I have: modernized tabulation systems providing greater accuracy, accountability, and transparency; helped develop, implement, and educate administrators with the VoteWA system; created national award-winning systems for ballot accountability; proposed legislation to make our elections more accessible, transparent, efficient, accountable, and most importantly - *secure*.

The people of Washington deserve someone who knows the details of election administration, not a political appointee as their chief election officer. Many of our election laws are antiquated and contradictory, and need cleanup by someone who knows the inside, not someone with a partisan agenda.

The partisan legislature creates the laws that govern our elections, those laws should be implemented in the most fair, efficient, and effective ways. A referee wears a striped jersey, not one of the teams in the game. Last election cycle we nearly elected the first nonpartisan Secretary of State in the nation, together let's make history! I appreciate your vote!

Statement

As your Secretary of State, my top priorities are ensuring Washington's elections are secure and accessible for every eligible voter. Since 2021, I've safeguarded the integrity of our elections by investing in cyber and physical security, fighting malicious election disinformation, and providing eligible voters every ability to participate in our democratic process.

I will protect Washington's proven and dependable vote-by-mail system. I fought to expand automatic voter registration and increase civic engagement, lowering barriers for eligible citizens.

Overseeing Washington's State Library, I confronted book bans and censorship in public libraries across our state. I've increased access to business services and secured resources to preserve our state's history. I'm endorsed by County Auditors who conduct elections, the Washington State Labor Council, business leaders, voting rights advocates, prominent state and federal leaders, and former Governors Gary Locke and Christine Gregoire.

I am proud of my career in public service working alongside Democrats, Republicans, and Independents. Washington's Secretary of State must possess the highest standards of integrity and leadership and serve as a strong advocate for voter access. It is the privilege of my life to serve as your Secretary of State, and I would be honored to earn your vote.

State Treasurer | 4 year term

Mike Pellicciotti

(Prefers Democratic Party)

Elected Experience

State Treasurer, 2021-present; State Representative, 2017-2021.

Other Professional Experience

An economic crimes prosecutor (Assistant Attorney General), Mike managed a unit of financial examiners, auditors, and analysts that returned \$30 million to taxpayers from financial fraud and government waste. As a legislator, he created laws to get "dark money" out of politics and combat corporate crime.

Education

Bachelor's Degree (Business Administration, economics minor); Master of Rural Development (Fulbright Scholar, economic development); Law Degree, Gonzaga.

Community Service

As Equal Justice Coalition Chair, Mike advocated for homeowners unlawfully foreclosed upon, veterans denied benefits, and predatory lending victims. Federal Way Chamber of Commerce. Served on Gonzaga University Board of Regents.

Statement

Mike rejects all corporate campaign donations. He puts your financial interests first. As State Treasurer, Mike refinanced all eligible debt, redirecting over \$550 million in Wall Street profits back to the people.

Mike implemented a policy prohibiting Washington State Treasurers from investing in corporations that fund their campaigns. His investments earned Washington \$1.8 billion over the next four years to reduce taxpayer burdens. Mike's local government investment returns are 50 times higher than 2021, sending \$3 million more *each day* to local governments for schools, first responders, and other community needs.

Under Mike's leadership as State Treasurer, Washington now has budget guardrails. U.S. News just ranked our state's long-term fiscal stability *the best in the nation*. Our state pensions are one of America's best funded. Washington maintains a Moody's AAA-credit rating, the top mark for strong financial management. This makes housing, road, ferry, and school construction more affordable. Mike lowered GET/529 education costs for families, while keeping this important program fully funded.

Mike expanded financial education opportunities. He also created an online "Transparency Portal" to show how *your* public dollars are managed. Endorsed by Washington State Labor Council and Planned Parenthood, Mike will always put working families and retirees first!

Statement

As your State Treasurer, I will advocate for the protection of our state's assets and ensure retirement accounts make sound investments. I will strive to make the accounting system transparent and accountable to citizens. With my professional expertise, I will scrutinize the books and challenge the legislature to exercise greater caution in tax and spending decisions.

As a CPA, I have dedicated my career to helping clients preserve their bottom lines, reduce taxes, and securing their futures. I developed and taught a financial literacy class to junior high students and testified before the legislature against raising taxes and over-regulating our businesses.

My experience includes advising taxpayers and businesses in our community on wise investments and job creation. In an era of job uncertainty, rising prices, and constant demands for education funding, Olympia's typical solution is to raise taxes and fees. My approach is to account for past expenditures and prioritize sensibly. I will be the accountant Treasurer who leads our state into a new era of fiscal responsibility.

Vote to preserve our fiscal future. Vote for accountability. Vote for Sharon Hanek.

Statement

Working in the private sector for 35 years, within a variety of industries, Hawkins has the skills to work with teams of professionals to improve process and systems. Solutions to our challenges with education, the homeless, mental health, parental rights, property rights, taxes and energy policy can all be found through transparency in audits.

Observing the divide within our country over the past 4 years, Hawkins began asking questions to learn what is happening. An active study of the election system within Washington during this time has revealed the fact that there have been no Audits of the election systems in Washington State, to the same professional standards as are expected in the private sector. Hawkins further learned of the newly created roadblocks to public transparency, as the public is looking for answers. Taxpayers benefit from transparency and accountability. A search for Truth matters.

Hawkins is married to Paula and together they have a family of 10 children. They realize that strong communities benefit from family centered policies. Transparency and Accountability are key building blocks to ensure that children become valued contributors to society.

Audits are a great way to understand our past, as we make decisions for our future.

Distinguished Alumni Award, University of Washington Tacoma; Secretary of State's Auditor of the Year, 2005.

Statement

As the first woman to serve as Washington State Auditor, I lead an office responsible for conducting independent audits across all local governments and state agencies, ensuring accountability and transparency in public fund usage. Over my eight-year tenure, responsibilities have expanded, including significant audits of federal COVID-19 pandemic funds. My administration has also greatly reduced the number of "unauditable" governments, increasing our audits' scope and effectiveness.

Under my leadership, we exposed nearly \$7 million in misappropriated funds at a local housing agency, the largest fraud case in our state's history. We have strengthened our capabilities by training more fraud examiners and launching innovative programs. These include a pioneering audit of law enforcement's use of deadly force, bolstering cybersecurity with increased IT audits and preventive "cyber-checkups," and a new data analytics program to detect fraud and waste more effectively.

I will continue these efforts in my next term, focusing on managing public resources wisely. My vision includes advancing our technological capabilities to protect public assets and promote integrity across Washington State.

Many have endorsed me; details are on my website. I have a proven and tested public record of leadership. I humbly ask for your vote to continue our progress.

Statement

Moving to Washington nine years ago was one of the best decisions of my life. I came to protect the environment through working at the Hanford Site as an environmental attorney. Since then, I've successfully fought to make Washington safer and to increase government transparency. I have challenged unconstitutional laws from Olympia and *won!* I have also *stopped* bad regulation in its tracks! I've led the City of Pasco as a councilmember, and now its mayor.

Washington has world class resources, but our politicians are failing. We lack safe streets; drugs, like fentanyl, fill the streets. As Attorney General, I will apply what I learned at Hanford to clean this mess.

According to the FBI, Washington is the 8th most dangerous state in the country. We have the resources to do better, but we need an Attorney General who will make sure Law Enforcement and County Prosecutors can enforce the law to make Washington Safe Again!

As your next Attorney General, my focus will be on Washington State, not Washington D.C. As Attorney General I will remove the partisan blinders to protect *all* Washingtonians. I look forward to representing you as your next Attorney General. Thank you for your vote!

Commissioner of Public Lands | 4 year term

Allen Lebovitz (Prefers Democratic Party)

Elected Experience

None

Other Professional Experience

Wildland Fire & Forest Resilience Liaison for the Commissioner of Public Lands; Chair, Washington Wildland Fire Advisory Committee; Aquatic Habitat Restoration Manager, Department of Natural Resources; Washington Shrubsteppe Restoration & Resilience Initiative Steering Committee; Wildland Firefighter, DNR; Founder and Manager, WiLD Corp., a conservation-based timber

company; Consulting Ecologist, Fisheries Biologist and Forester advising USFWS, The Nature Conservancy, conservation districts, and timberland owners.

Education

Master's degree in environmental studies, Yale School of Forestry; Bachelor's of science in public administration and biology, Northeastern University.

Community Service

Boardmember, Northwest Natural Resources Group (nonprofit supporting small-forest landowners); Co-founder, Liu Xing (public school Mandarin language immersion program).

Statement

My priorities as commissioner will be restoring healthy forests, sagelands, rivers, and bays; supporting local economies; protecting Washington from wildfire; and ensuring everyone benefits from state lands.

I've worked in Washington's forests and waters as a forester, restoration ecologist, and wildland firefighter for 30 years, with over a decade at DNR, where I'm on the executive team leading Wildfire Management. My career experience makes me uniquely suited to the duties of lands commissioner: managing Washington's forests and waters; leading the DNR; and commanding the state's wildland firefighting force.

I'll direct DNR to restore forests, rivers and bays, improving habitat for salmon and orca. As we restore forests, I'll direct forest management to yield the most value from working forests, while cutting less. I'll develop a double bottom line, generating revenue for schools while benefiting local economies by supporting their industries and employing their workforces on state lands. To protect Washington from wildfire, I'll focus on the source of the problem, restoring naturally fire-resilient forests and sagelands, fostering fire-safe communities, and building the best firefighting force in the country.

I'm in this for the long haul because I care about our state's natural legacy and the people who depend upon it.

Jaime Herrera Beutler (Prefers Republican Party)

Elected Experience

U.S. Congress, 2011-2023, where I advanced bipartisan laws to improve our wildland firefighting capabilities, increase pay for firefighters, improve proactive and science-based forest management, improve forest roads and expand access to public lands, protect wildlife habitat and salmon runs, support shellfish habitat, protect family wage jobs and secure funding for Washington schools. Washington State House of Representatives, 2007-2010.

Other Professional Experience

Strategic Advisor, Children's Hospital Association. Senior Legislative Aide, U.S. House of Representatives.

Education

B.A., University of Washington, Communications.

Community Service

Recipient of the National Association of State Foresters' highest honor, the Bernard L. Orell Award for Partnership. Board of directors, National Kidney Foundation.

Statement

Decades of neglect have turned our forests into overcrowded, diseased tinderboxes. Fires scorch our forests and choke our communities every summer. They fill our lungs with smoke, destroy old growth and critical habitat, emit tons of carbon, drive up the cost of home insurance and make housing even more unaffordable. And they cause unimaginable heartache for those unfortunate enough to live in their path.

I won't leave our kids a legacy of burning forests and choking smoke. We can and will do better to remove dead and dying trees that serve as fuel, quickly fight fires when they occur, preserve jobs, and protect the lives and livelihoods of communities.

I'll lead our state Department of Natural Resources to withstand political pressures and overcome bureaucratic obstacles so that the brilliant foresters and environmental scientists who work there can do their jobs. Working with Tribes, scientists, landowners, sportsmen, the forest industry and conservation groups, I'll restore health to Washington's forests with science-based management practices so our diverse array of species and ecosystems can thrive. And I'll always preserve recreational access to public land for its owners -- the people of Washington.

Please vote Jaime Herrera Beutler for healthy forests and healthy air.

Statement

A conservation leader strongly backed by the environmental community and Democrats across Washington, I am committed to protecting our clean air, clean water and habitat, improving wildfire prevention, and increasing recreational opportunities on state lands.

With the threat of climate change, wildfires, and droughts, running the Department of Natural Resources is a big, complicated job. I have both the experience and values to ensure our public lands support our high quality of life. As Lands Commissioner I'll bring bold new ideas to the table. I have a plan to protect Washington's 77,000 acres of critical legacy forests, and to launch a clean energy trust to help our climate and spur rural economic development. I'll honor tribal rights and restore Puget Sound to protect our iconic salmon and orca.

I'm the only candidate in this race not taking contributions from the timber industry. A former Washington Conservation Voters "Legislator of the Year," I'm the only candidate supported by Washington Conservation Action and the Sierra Club.

I invite you to join grassroots conservation leaders, former Lands Commissioner Peter Goldmark, Democrats and elected leaders across Washington in supporting this campaign to protect and enhance our public lands. I ask for your support.

Sue Kuehl Pederson (Prefers Republican Party)

Elected Experience
A Professional, not Politician. Sue ran for CPL last cycle, placing second with 1.68M votes. She'll win this vacant seat with your help!

Other Professional Experience
Scientist and Natural Resources Manager for 30 years: Fish Biologist, UW, NOAA Fisheries, Army Corps of Engineers

(WA, OR, AK), WA Dept Fish and Wildlife, King County DNR. Power Manager, Grays Harbor PUD; Senior Power Analyst and Senior Environmental Analyst, Seattle City Light; Research Scientist and Publications Manager, BioSonics, Inc.

Education

Master's Degree Public Administration, UW; Bachelor Science Degree Biology (minors Chemistry, German), WWU.

Community Service

Board Member: Small Faces Child Development Center; Ghana Together; Commencement Bay Rowing Club (youth).

Statement

Sue grew up at a salmon hatchery near a 1.3-million-acre forest in southern WA. Her childhood love of nature led to a degree in Biology and a 30-year professional career managing forest habitat, fisheries and energy. (See resume at Citizens4Sue.com)

Now our public lands have been ravaged by neglect, resulting in over-crowded, diseased trees and excessive dry underbrush, leading to huge wildfires with heavy smoke invading our summers. Sue's multi-faceted approach to prevent catastrophic wildfires includes dividing forests and agricultural lands into segments with fire breaks in-between. Smaller fires can increase safety for firefighters and cause less damage overall.

Sue will also implement an accelerated plan for practical land management, creating private sector jobs while boosting our historic timber and agriculture economies and limiting harmful carbon and smoke emissions from wildfires. Reducing the number of crowded, thirsty trees will also help restore natural water distribution to streams, benefiting fish and wildlife, and continuing up the food chain to our Orca whales.

Sue understands nature is intricately and beautifully designed, far beyond our ability to fully comprehend. Knowledge is gained humbly and gradually through science. Long-range planning is needed now to best manage Washington's precious, vital natural resources into the future.

Education

Bachelor of Arts, University of Washington.

Community Service

Current Member, Salmon Defense Board. Founding Co-Chair, Governor Inslee appointee to Washington's Environmental Justice Council. Past Member, Low Carbon Energy Siting Study Advisory Board. Past Co-Chair, Land, Water and Natural Resources Subcommittee of the Bureau of Indian Affairs Tribal-Interior Budget Council. Past Treasurer, Northwest Indian Fisheries Commission. Past Chair, Land & Natural Resources Committee of the National Congress of American Indians.

Statement

Living on the Makah Reservation, I deeply understand caring for and living off the land. For me, sustainability is a way of life. I will ensure stakeholders from rural and underrepresented communities have a seat at the table.

I understand how public policy impacts our environment and livelihoods. As temperatures warm and wildfires rage, we don't have time for on-the-job training. My opponents are career politicians, with no direct experience managing natural resources. I will be able to hit the ground running—identifying opportunities to innovate, creating good-paying union jobs, and tackling climate change.

I have worked in emergency response: cleaning up oil spills, fighting fires, and leading preventative work to improve our lands and waters. I am a commercial fisherman, land manager, Tribal leader, and currently work at our state's Department of Natural Resources. That's why the current Commissioner of Public Lands Hilary Franz, Congresswoman Marilyn Strickland, former Congressman Norm Dicks, Washington Education Association, fishing associations, Longshoreman and other unions, as well as tribal nations, all endorse me.

Not only am I the most qualified for this position, but I would also be the first Native American elected statewide in the Pacific Northwest. I would be honored by your vote.

Statement

As a twenty-five year firefighter, I know what needs to be done to combat the devastating wildfires that destroy forests and produce suffocating smoke. Wildfires have destroyed 4.7 million acres of state forests over the past ten years. We need a leader who knows how to fight wildfire and who can protect our public lands.

I'm a career firefighter, I've felt the heat and breathed smoke-filled air. I'm Chair of the Senate Natural Resources Committee, and have led the effort to preserve our natural resources, create more resilient communities, and fight wildfires.

With your support, I'll protect forests by using the resources of the state's largest firefighting agency to improve forest health and safeguard vulnerable communities. Statement

I'm a father to three, and a fourth-generation Washington public educator. I've dedicated my career – as a teacher, administrator, national nonprofit founder and CEO – to the unmatched power and promise of public education.

The current struggles facing our students and teachers are unacceptable. The mismanagement of \$2.9 billion in federal relief dollars by our schools chief has seriously set us back and is reason enough to replace him, but there are more. Washington has slid behind most other states in K-12 education according to US News; 15% of adolescents are considering suicide; 20% of educators are leaving their schools; funding is collapsing with unprecedented school closures.

The Seattle Times has described the incumbent as a "lackluster" superintendent who is "cheerleading mediocrity."

I'm not a career politician. I'm a proven leader who has worked all across the country with tens of thousands of educators to ensure the promise of an excellent public education is fulfilled for all kids. I'll ensure every school has the resources to connect students in need with: (1) effective mental health care; (2) tutoring; and (3) great career and college opportunities. If you agree that Washington must do better, I hope you will support me.

Statement

Thank you Washington Voters! I am grateful to serve as your State Superintendent. This job requires experience and tested leadership to maintain our post-pandemic recovery. Our strong learning acceleration is at risk without sustained funding and a relentless focus on keeping our schools public and accountable to local voters. The paramount duty in our state is to fully fund our public schools. Investing in our public schools and our educators to empower student achievement is my number one priority!

Innovation drives our work with expanded career and technical education pathways, a record high graduation rate, a measurable improvement in student mental health following targeted investments, and free school meals for over 700,000 students. We are a top performing state in math and reading, and civics is once again a graduation requirement under my leadership!

Over two-thirds of our students now earn college credit while in high school, saving families over \$100 million per year in foregone tuition, and we've doubled our investments in rural school facilities. Every child deserves a high-quality, individualized, and equitable learning opportunity in every community!

Students not achieving these goals may be dismissed by the program. *Neighborhood Education Districts* - administered by three locally elected trustees, will oversee the educational progress of 50 to 200 participating neighborhood students. Statement

Less than 50% of Washington students can read and write at grade level yet your property taxes have skyrocketed. Your children and schools deserve better. OSPI is not fulfilling their duty to advocate for adequate school operational funding. As Superintendent, I will push to change the approach, ensuring resources reach the schools and students who need them most – regardless of race, ethnicity, or socioeconomic status.

Under the incumbent, chronic absenteeism has doubled, depriving children of crucial learning opportunities. Drawing from my district's success, where strong parental engagement has led to one of the state's lowest absentee rates, I will advocate for policies that encourage partnering with parents.

I am committed to restoring local control to school boards, empowering those who understand their communities' unique needs, ensuring a fair and effective education for all. *I will push to expand skilled trades programs, preparing our students for future diverse careers.*

To combat the distractions of the digital age, I will promote policies restricting cell phones and social media in schools, creating safer, more focused learning environments. *The Seattle Times stated the Superintendent is a "cheerleader for mediocrity." Statement

Ever since my daughter was born critically ill in the NICU and I had to fight my insurance company to allow her doctors to provide life saving care, I have made it my life's mission to ensure no family ever has to go through that same trauma. With my experience as a litigator representing workers in employment discrimination cases and my strong background in advocacy and public service, I bring a unique set of qualifications to the role of Insurance Commissioner.

As a legislator, I've been a leading voice on healthcare issues, sponsoring legislation to create a public option for healthcare in Washington, and advocating for greater access to mental health services and protections against surprise medical billing.

As Insurance Commissioner, I'll work tirelessly to enact policies that prioritize consumer protection and lowering costs, promote transparency within the insurance industry, and expand access to essential healthcare services for all Washingtonians. I'll also lead on addressing the increased insurance costs being created by climate change and protecting coverage of reproductive healthcare.

I have spent my life helping the powerless stand up to those with the most power, and I respectfully ask for your vote so I can fight for you too.

Statement

John Pestinger is an experienced, common-sense insurance professional who stands up to powerful industry interests as an advocate for insurance consumers. He dedicated the last 24 years to working in and regulating insurance. John knows the profound effect insurance has on our lives, from before we are born, each and every single day of our lives, and even after we die.

You, the people of Washington, deserve quality and affordable health insurance. John helps to protect consumers from receiving surprise medical bills for emergency services. He works to assure that choices in healthcare remain with you and your doctors. Increasing access to affordable medical care and life-saving medicine is John's top priority.

We are all experiencing the impact of skyrocketing insurance rates. John knows what it takes to stabilize the market and bring rates down. Increasing environmental catastrophes and increasing frequency and severity of losses are making your rates climb, and legislative and regulatory uncertainty are making it worse. The job of the Insurance Commissioner is to regulate a healthy insurance market and prevent polarizing political agendas from destabilizing it.

The people of Washington need an insurance regulator willing to protect us all. Vote John Pestinger for Insurance Commissioner.

Education

Rutgers University, Cook College of Agriculture; Landscape Architecture.

Community Service

I've been married for 45 years, have 5 children, 3 of whom are decorated U.S. Marines Corps veterans. Knights of Columbus member - 4th Degree, Project Rachel, Fraternal Order of Eagles, Sons & Daughters of Italy, Liberian Association of WA.

Statement

I'm running to make Washington's insurance market more affordable for families and seniors. Misguided activist policies of the Legislature and the Insurance Commissioner have limited choice and made insurance unaffordable.

How much businesses pay for insurance has a direct impact on the prices you pay for things, including groceries and even your rent. Add to that a 20% increase in insurance costs, and it's even harder for seniors on fixed incomes and families to make ends meet. The insurance industry needs reasonable, not burdensome regulations. As a state Senator, I fought for affordable and consumer-driven options that encourage more competition, more choices, and lower costs for consumers. I know what works and it's not agenda driven regulations that drive up costs without providing better and more affordable care.

I've experienced firsthand the health insurance challenges faced by my own grandson who has a rare disease. For him it is a life and death struggle. You and your doctor should be determining your health care decisions, not the insurance companies.

A Vote for Phil Fortunato will lower costs, provide predictability and availability in Washington's insurance markets, so you can get the insurance protection your family deserves.

Statement

As your Insurance Commissioner, I would be committed to safeguarding the interests of Washington's citizens by ensuring a fair, competitive, and transparent insurance marketplace. With a focus on accountability, innovation, and consumer protection, I will work tirelessly to provide residents with reliable and affordable insurance options, while fostering a thriving business environment for our state's insurance providers.

I would give my highest attention to making insurance policies available and affordable. Fighting for consumer protections, I would advocate for carriers and insurance companies to educate consumers and consultants to ensure the voters understand their coverages, while paying what is owed. Our job will be to ensure that individuals are indemnified and made whole, without prejudice or undue stress. I will work with assets and resources in the current Office of the Insurance Commissioner, while innovating and modernizing to ensure a more efficient agency. There is no reason rates, policies and products should take so long to be approved!

Together, we can create a stronger, more resilient insurance landscape in Washington State. Vote Justin Murta for Insurance Commissioner to ensure a future where innovation, fairness, and consumer protection are at the forefront of our insurance industry.

We need a senator who respects the value of your tax dollars and will work to lower costs for folks in Central Washington.

As your senator, I'll work hard to build our economy and keep our communities safe, from Yakima to Pasco. We must do more to address homelessness and provide support to families impacted by the fentanyl crisis. I will work with law enforcement to address crime so our kids are safe to grow up here.

Statement

The exceptional quality of life many of us enjoy in Walla Walla and SE Washington should be attainable by everyone in our diverse community. Individual initiative and hard work must be rewarded with a good standard of living.

Strong communities have growing economies as well as support for child care, education health care (including addiction treatment) and public safety. The legislature's priority is the good of the people, from the ground up rather than the top down.

I am concerned with the increasing difficulty for families to build wealth despite their hard work.

My story begins with immigrant ancestors able to take advantage of a successful government program - the Homestead Act of 1862. Picking strawberries and working an assembly line union job as a teenager helped me pay for college. After law school, I began my career as a fund-raiser, resulting in millions for programs to help struggling people get ahead. A constant in my life has been my church involvement. My goal as a State Senator is to strengthen those values that are fundamental to our region as well as expand self-help programs for families. We need a Senator who is an active leader and a good listener.

Statement

I was born in Bellingham, Washington, and moved to the Tri-Cities in 2003 at the age of seven. I spent the majority of those years living in Franklin County down by the river over on Road 34. Over the years, I have been heavily engaged with politics and political theory, and now I seek the office of County Commissioner District One. I see that now is as good a time as ever for power to be placed back into the hands of the community. I seek to restore the proper Constitutional role of local governance and the power within.

As commissioner, I will stand up to the gross and economically illiterate agenda that plagues our state. Additionally, I'm running to protect the next generation from the anti-American ideology that incentivizes victimhood rather than initiative. We must educate the public and directly oppose the mob on the utility of individual rights as being a safeguard predations upon liberty. The Franklin County Commissioners must use their points of leverage to pursue pro-Western and anti-conflict theory policies which foster economic growth, stability, and good living.

I live by the saying "shooters shoot, winners score, but losers never try".

Community Service

WSBA Board of Governors, Executive Committee; Judicial Recommendation, Nominations and Awards Committees.

Statement

Washingtonians deserve a judiciary that is independent, impartial, and objective; that treats all who come before it with dignity, respect and courtesy. The Supreme Court should lead the lower courts, and officers of the court, in upholding these values. We should seek honesty, integrity, intellectual curiosity and fairness in our judges and judicial candidates. As a member of the Washington State Bar Association Board of Governors, I was encouraged to run for Supreme Court Justice. I believe others saw these qualities in me.

Having done farm work and bussed tables in my youth, and having been commissioned from the ranks of enlisted sailors, I understand the dignity of hard work and sacrifice. I've worked alongside people from all walks of life.

After 9/11, I was called from the Reserve to active duty, and served for over ten years. Putting my career on hold and leaving my wife and children to deploy to the Persian Gulf was challenging, even before considering the usual hazards of arduous sea duty.

The skill sets I have developed through addressing complex situations and collaborating on solutions, along with my demonstrated honor, courage and commitment, will help me ensure the integrity and independence of our Judiciary.

Statement

I am the only candidate endorsed by 8 of the 9 current Washington Supreme Court Justices. Over 100 judges believe I'm the most qualified candidate for this office. I am also the only candidate with significant appellate experience having argued at every level of state and federal appellate courts including the U.S. Supreme Court.

I was raised in a working class family in Lakewood. My parents taught me the value of hard work, fairness, family, and faith. I have always given back to the community, including by representing people for free when they couldn't afford a lawyer, serving on boards of directors of nonprofits devoted to improving access to justice, and lobbying lawmakers to increase funding for civil legal aid. Promoting equal access to the legal system has been an important part of my practice.

Over the past 40 years as a lawyer I have been recognized for my legal skills, including being named to "Best Lawyers in America" since 2011. I am rated "Exceptionally Well Qualified" by six bar associations, and am endorsed by the Washington Labor Council, Gov. Inslee, Attorney General Ferguson, and by over 40 other elected leaders.

Statement

Hello, Washingtonians and what a beautiful state we live in. I consider it an honor and a privilege to have such an excellent opportunity to put on a robe and serve the citizens as your justice. A little about me: for most of the 90s I was known all over the Northwest as radio personality Country Dave. I have operated searchlights throughout this state, visiting lots of cities and towns. I was sworn in at the Supreme Court and have made hundreds of court appearances, looking out my clients' best interests.

Why do I want to be a justice? Our Supreme Court said, "As the highest court in Washington, we must balance our duty to the individual litigant and to the collective citizens. This court's decisions bind all state courts and are often the last words on legal matters for Washingtonians." Laws ensure that no harm befalls another, and how justices interpret them is crucial. I want to be a voice protecting the citizens. And if necessary, desiring to right a wrong.

Before making decisions, I will seek wisdom, knowledge, and understanding from the Supreme Being. Thank you for reading my statement and your vote.

Statement

Judge Dave Larson is the only candidate with judicial experience. Judge Larson is the only candidate with a record of keeping our communities safe from crime. Judge Larson is the only candidate running a traditional bi-partisan campaign. Judge Larson knows Washington has the best state Constitution in America, offering stronger protections for our civil rights than the U.S. Constitution. He will protect individual rights.

We all know crime is a serious issue and Judge Larson has a nearly two decade record of keeping us safe from crime as a trial judge. His innovative reforms have been recognized nationwide; many of his ideas have been adopted by our legislature. These reforms are supported by other judges, police chiefs and sheriffs, mayors, legislators, and the people who work directly with those suffering from addiction and untreated mental illness.

Judge Larson is the only candidate running a campaign that reaches out to Democrats and Republicans, Labor and Business, Eastern and Western Washington, and everyday citizens. We can return to a less political and more trusted court system by voting for Judge Larson.

Judge Larson's leadership, innovations, intellect, ethics, and commitment to fairness make him exactly what we need on our state Supreme Court.

Franklin County Fire Protection District No. 3

Franklin County Fire Protection District No. 3 Proposition No. 1

Authorization for a single-year permanent levy lid lift.

Franklin County Fire Protection District No. 3 Commissioners adopted Resolution No. 456 to increase the current level of property taxes to adequately fund District operations including emergency medical services.

This proposition would authorize the District to use a property tax levy rate of \$1.28 per \$1,000 assessed valuation for assessment in 2024 and collection in 2025. The dollar amount of the levy collected in 2025 shall be used to calculate the levy limit in subsequent years. Should this proposition be:

Approved

Rejected

Explanatory Statement

If enacted, this proposition authorizes the district to increase the tax levy rate to \$1.28 per \$1000 of assessed value for assessment in 2024 and collection in 2025. The district would be authorized to use the amount of the levy collected in 2025 as a base for subsequent levy limitations provided in RCW 84.55. This enables the district to continue maintaining and adequately funding district operations, including emergency medical services (ambulance).

Statement in Favor

Franklin County Fire District #3 (FCFD#3) proudly serves 205 square miles of southwestern Franklin County with fire and ambulance protection. The fire district's last levy approved by voters in year 2018 generated \$1.27 / \$1000. of assessed property value. The levy has dropped since then to .88 cents / \$1000. while call-out volumes have increased 63% in the last five years due to an aging population and rapid area growth. FCFD#3 requests that voters approve a return of the levy to \$1.28, just 1 cent above the year 2018 rate. FCFD#3 is dealing with both inflation and significantly increased call-out volumes. Costs for fuel, medical supplies, tires, new equipment, equipment repair and construction have sky rocketed. Without an approved levy lid lift, FCFD#3 will be dipping into reserve funds intended for emergencies and future construction needs. Voting citizens of FCFD#3, please step up to keep our fire and ambulance district strong. Vote YES for Proposition #1.
